Dear Stockholders:

C4 Therapeutics was founded in 2015 on the basis that we could transform the treatment of cancer and other diseases by harnessing the body's natural protein recycling system to rapidly degrade disease-causing proteins. By designing and optimizing small-molecule degrader medicines, we seek to bring improved treatment options and outcomes to patients. Your Board of Directors has steadfastly provided oversight of our management team as we continue to make significant strides in our mission to deliver on the promise of targeted protein degradation, making science-driven decisions that enable patient-focused results. The progress across our pipeline and corporate priorities reflects the totality of our efforts in pursuit of this mission.

Since becoming a publicly traded company in late 2020, the Board has worked closely with management to outline ambitious business objectives to enable a new generation of best-in-class medicines, and we have demonstrated focused execution against these strategic milestones over the past year when we:

- Transitioned into a clinical-stage company with the initiation of our first clinical trial for our lead degrader candidate, CFT7455, targeting IKZF1/3 for treatment of hematologic malignancies;
- Advanced CFT8634, a degrader targeting BRD9 for the treatment of synovial sarcoma and SMARCB1-null solid tumors, toward a first-in-human clinical trial by obtaining FDA clearance of the investigational new drug (IND) application, as well as the grant by the FDA of orphan drug designation (ODD) for the treatment of soft tissue sarcoma;
- Progressed CFT1946, a degrader targeting BRAF V600X for the treatment of V600X-driven cancers including melanoma, colorectal and non-small cell lung cancer, and CFT8919, a degrader targeting EGFR L858R for the treatment of non-small cell lung cancer, toward clinical trials;
- Bolstered our world-class medicinal chemistry capabilities and expanded our research platform;
- Successfully completed our first follow-on public offering, yielding \$180.8 million in gross proceeds, enabling us to continue operating from a position of financial strength; and
- Strengthened the C4T team by attracting talent as we strategically build out key functions across clinical development, technical operations, human resources, legal and finance that will support our continued growth.

To ensure that we are equipped to sustain this progress and meet the long-term needs of patients, employees, and stockholders, the Board continuously evaluates our governance provisions. As part of the Board's 2021 comprehensive governance assessment, we implemented several initiatives to enhance our corporate governance and oversight, including my appointment as Lead Independent Director. I am committed to ensuring that our Board is composed of dedicated directors with diverse perspectives and expertise to best align with company needs and address stockholder feedback. Other actions include:

- Refreshed the composition of each of the standing Board committees to align with the expertise of the members of our Board and to ensure that all members qualify as independent in line with applicable listing standards and institutional shareholder advisory firm guidelines.
- Delegated responsibility to the Audit Committee to oversee risk related to cybersecurity and data privacy.
- Renamed our Compensation Committee as the Organization, Leadership and Compensation Committee and expanded the scope and responsibilities for that committee to include, among other things, reviewing and discussing with management our strategies, initiatives and/or programs focused on (1) leadership and talent development and succession planning, (2) diversity, equity and inclusion, and (3) employee recruitment, development, and retention.

[Table of Contents](#)

- Delegated responsibility to the Nominating and Corporate Governance Committee to oversee our initiatives related to environmental, social, and governance matters.
- Appointed Utpal Koppikar, a seasoned biopharma executive and financial expert, as a director, chair of the Audit Committee and member of the Organization, Leadership and Compensation Committee, and
- Initiated a search to add a new director to further diversify the Board of Directors.

I also want to take this opportunity to thank Elena Prokupets, Ph.D. for her service on the C4 Therapeutics Board of Directors from December 2015 until she resigned from the Board as of March 10, 2022. It is an exciting time at C4 Therapeutics with so much to look forward to in 2022 and beyond as we continue to make important pipeline and clinical progress. The Board values stockholder input as we continue on our journey as a relatively new public company. We are committed to deepening our relationship with stockholders as we endeavor to create new medicines that overcome resistance, tackle currently undruggable targets, and ultimately improve treatment options for patients. To close, I would like to express my sincere appreciation to the doctors, patients and their caregivers who place immense trust in us to create novel investigational medicines, to the entire C4 Therapeutics team for their indelible contributions, and to our stockholders for their support of our vision.

NOTICE OF 2022 ANNUAL MEETING OF STOCKHOLDERS
To be held June 22, 2022

Notice is hereby given that the 2022 Annual Meeting of Stockholders, or Annual Meeting, of C4 Therapeutics, Inc. will be held online on Tuesday, June 22, 2022, at 8:30 a.m. Eastern Time. You will be able to attend, vote and submit your questions at www.virtualshareholdermeeting.com/CCCC2022. You will need the 16-digit control number included with these proxy materials to attend the Annual Meeting. The purpose of the Annual Meeting is the following:

1. To elect three Class II directors to our Board of Directors, each to serve until the 2025 annual meeting of stockholders and until his or her successor has been duly elected and qualified, or until his or her earlier resignation or removal;
2. To cast a non-binding advisory vote on the frequency of future non-binding advisory vote to approve the compensation of our named executive officers;
3. To cast a non-binding, advisory vote to approve the compensation of our named executive officers;
4. To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022; and
5. To transact any other business properly brought before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

The proposal for the election of directors relates solely to the election of Class II directors nominated by the Board of Directors. Only C4 Therapeutics, Inc. stockholders of record at the close of business on April 25, 2022 will be entitled to vote at the Annual Meeting and any adjournment or postponement thereof.

We are pleased to take advantage of Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. We believe that this e-proxy process will not only expedite stockholders' receipt of proxy materials, but also lower the costs of printing and distributing our proxy materials, as well as reduce the environmental impact of our Annual Meeting. We are mailing to our stockholders a Notice of Internet Availability of Proxy Materials, or Notice, instead of a paper copy of our proxy materials and our 2021 Annual Report to Stockholders, or 2021 Annual Report. The Notice contains instructions on how to access those documents and to cast your vote via the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials and our 2021 Annual Report.

Your vote is important. Whether or not you are able to attend the meeting in person, it is important that your shares be represented. To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the meeting, by submitting your proxy via the Internet at the address listed on the proxy card or by signing, dating and returning the proxy card.

By order of the Board of Directors,

A handwritten signature in black ink, appearing to read 'Andrew J. Hirsch', written over a light blue horizontal line.

**PROXY STATEMENT
FOR THE 2022 ANNUAL MEETING OF STOCKHOLDERS
to be held at 8:30 am Eastern Time on June 22, 2022**

This proxy statement contains information about the 2022 Annual Meeting of Stockholders, or the Annual Meeting, of C4 Therapeutics, Inc., which will be held online on June 22, 2022 at 8:30 a.m. Eastern Time. You may attend the meeting virtually via the Internet at www.virtualshareholdermeeting.com/CCCC2022, where you will be able to vote electronically prior to the Annual Meeting and submit questions. The Board of Directors of C4 Therapeutics, Inc. is using this proxy statement to solicit proxies for use at the Annual Meeting. In this proxy statement the use of “**C4 Therapeutics**,” “**Company**,” “**our**,” “**we**” or “**us**” refers to C4 Therapeutics, Inc. and its subsidiary. The mailing address of our principal executive offices is C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472.

All properly submitted proxies will be voted in accordance with the instructions contained in those proxies. If no instructions are specified, the proxies will be voted in accordance with the recommendation of our Board of Directors with respect to each of the matters set forth in the accompanying Notice of Internet Availability of Proxy Materials, or Notice. You may revoke your proxy at any time before it is exercised at the meeting by giving our Corporate Secretary written notice to that effect.

We made this proxy statement and our Annual Report to Stockholders for the fiscal year ended December 31, 2021 available to stockholders on or about April 29, 2022.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be Held on June 22, 2022: This proxy statement and our 2021 Annual Report to Stockholders are available for viewing, printing and downloading at www.proxyvote.com. A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2021, as filed with the Securities and Exchange Commission, or the SEC, except for exhibits, will be furnished without charge to any stockholder upon written request to C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472, Attention: Corporate Secretary. This proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 are also available on the SEC’s website at www.sec.gov.

C4 THERAPEUTICS, INC.
PROXY STATEMENT
FOR THE 2022 ANNUAL MEETING OF STOCKHOLDERS
GENERAL INFORMATION

Why am I receiving these materials?

Our Board of Directors, which is also referred to in this proxy statement as the Board, is providing these proxy materials to you in connection with its solicitation of proxies for use at C4 Therapeutics, Inc.'s Annual Meeting of Stockholders, which will take place on June 22, 2022 and which is referred to in this proxy statement as the Annual Meeting. Stockholders are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement.

All stockholders as of the close of business on April 25, 2022 will receive the proxy materials and have the ability to access them via the Internet, including this proxy statement and our Annual Report, at www.virtualshareholdermeeting.com/CCCC2022.

What proposals will be voted on at the Annual Meeting?

There are four proposals scheduled to be voted on at the Annual Meeting:

- the election of three Class II directors to hold office until the 2025 annual meeting of stockholders or until their respective successors are duly elected and qualified;
- a non-binding, advisory vote on the frequency of future non-binding, advisory votes to approve the compensation of our named executive officers;
- a non-binding, advisory vote to approve the compensation of our named executive officers; and
- the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2022;

At the time this proxy statement was mailed, our management and board of directors were not aware of any other matters to be presented at the Annual Meeting other than those set forth in this proxy statement and in the notice accompanying this proxy statement.

How does our board of directors recommend that I vote?

Our board of directors recommends that you vote:

- FOR the election of each of the three directors nominated by our board of directors and named in this proxy statement as Class II directors to serve for a three-year term;
- FOR every "ONE YEAR" on the frequency of future non-binding, advisory votes to approve the compensation of the Company's named executive officers;
- FOR approval, on a non-binding, advisory basis, of the compensation of the Company's named executive officers; and
- FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2022.

When are this proxy statement and the accompanying materials scheduled to be sent to stockholders?

We have elected to provide access to our proxy materials to our stockholders via the Internet. Accordingly, on or about April 29, 2022, we will begin mailing a Notice of Internet Availability of Proxy Materials, or Notice. Our

[Table of Contents](#)

proxy materials, including the Notice of 2022 Annual Meeting of Stockholders, this proxy statement and the accompanying proxy card or, for shares held in street name (i.e., held for your account by a broker or other nominee), a voting instruction form and the 2021 Annual Report will be mailed or made available to stockholders on the Internet on or about the same date.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, or the SEC, for most stockholders, we are providing access to our proxy materials over the Internet rather than printing and mailing our proxy materials. We believe following this process will expedite the receipt of these materials, help lower our costs and reduce the environmental impact of our annual meeting materials. Therefore, the Notice was mailed to holders of record and beneficial owners of our common stock starting on or about April 29, 2022. The Notice provides instructions as to how stockholders may access and review our proxy materials, including the Notice of 2022 Annual Meeting of Stockholders, this proxy statement, the proxy card and our 2021 Annual Report, on the website referred to in the Notice or, alternatively, how to request that a copy of the proxy materials, including a proxy card, be sent to them by mail. The Notice also provides voting instructions. In addition, stockholders of record may request to receive the proxy materials in printed form by mail or electronically by e-mail on an ongoing basis for future stockholder meetings. Please note that, while our proxy materials are available at the website referenced in the Notice and this proxy statement and our 2021 Annual Report are available on our website, no other information contained on either website is incorporated by reference in or considered to be a part of this proxy statement.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on April 25, 2022, the record date for the Annual Meeting, which is referred to in this proxy statement as the Record Date, are entitled to notice of and to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of our common stock held as of the Record Date. As of the Record Date, there were 48,625,608 shares of common stock outstanding and entitled to vote. The shares you are entitled to vote include shares that are (1) held of record directly in your name and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee. Each stockholder of record is entitled to one vote for each share of our common stock held by such stockholder. None of our shares of undesignated preferred stock were outstanding as of April 25, 2022.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record: Shares Registered in Your Name. If, at the close of business on the Record Date, your shares were registered directly in your name with Computershare Trust Company, N.A., our transfer agent, then you are considered the stockholder of record with respect to those shares. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Beneficial Owners: Shares Registered in the Name of a Broker, Bank, or Other Nominee. If, at the close of business on the Record Date, your shares were held, not in your name, but rather in a stock brokerage account or by a bank or other nominee on your behalf, then you are considered the beneficial owner of shares held in “street name.” As the beneficial owner, you have the right to direct your broker, bank, or other nominee how to vote your shares by following the voting instructions your broker, bank, or other nominee provides. If you do not provide your broker, bank, or other nominee with instructions on how to vote your shares, your broker, bank, or other nominee may, in its discretion, vote your shares with respect to routine matters but may not vote your shares with respect to any non-routine matters. For additional information, see “*What if I do not specify how my shares are to be voted?*” below.

How do I vote?

By Proxy

For our Annual Meeting, you may vote by proxy over the Internet by following the instructions provided in the Notice, or, if you requested printed copies of the proxy materials by mail, you could vote by mailing your proxy as described in the proxy materials. In order to be counted, proxies submitted by Internet must be received by the cutoff time of 11:59 p.m. Eastern Time on June 21, 2022. Proxies submitted by mail must be received before the start of the Annual Meeting.

If you complete and submit your proxy before the Annual Meeting, the persons named as proxies will vote the shares represented by your proxy in accordance with your instructions. If you submit a proxy without giving voting instructions, your shares will be voted in the manner recommended by the Board of Directors on all matters presented in this proxy statement, and as the persons named as proxies may determine in their discretion with respect to any other matters properly presented at the Annual Meeting. You may also authorize another person or persons to act for you as proxy in a writing, signed by you or your authorized representative, specifying the details of those proxies' authority. The original writing must be given to each of the named proxies, although it may be sent to them by electronic transmission if, from that transmission, it can be determined that the transmission was authorized by you.

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in your proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

How do I revoke my proxy?

You may revoke your proxy by (1) following the instructions on the Notice and entering a new vote by mail that we receive before the start of the Annual Meeting or over the Internet by the cutoff time of 11:59 p.m. Eastern Time on June 21, 2022, (2) attending and voting at the Annual Meeting (although attendance at the Annual Meeting will not in and of itself revoke a proxy), or (3) by filing an instrument in writing revoking the proxy or another duly executed proxy bearing a later date with our Corporate Secretary. Any written notice of revocation or subsequent proxy card must be received by our Corporate Secretary prior to the taking of the vote at the Annual Meeting. Any written notice of revocation or subsequent proxy card should be hand delivered to our Corporate Secretary or sent to our principal executive offices at C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472, Attention: Corporate Secretary.

If a broker, bank or other nominee holds your shares, you must contact that broker, bank or nominee in order to find out how to change your vote.

What if I do not specify how my shares are to be voted?

Stockholder of Record

If you submit a proxy but do not provide voting instructions, your shares will be voted:

- FOR the election of each of the three directors nominated by our board as Class II directors to serve for a three-year term (Proposal No. 1);
- FOR every ONE YEAR, on the frequency of future non-binding, advisory votes to approve the compensation of the Company's named executive officers (Proposal No. 2);
- FOR approval, on a non-binding, advisory basis, of the compensation of the Company's named executive officers (Proposal No. 3); and

[Table of Contents](#)

- FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2022 (Proposal No. 4).

Beneficial Owner

If you do not provide voting instructions, then your broker, bank, or other nominee will only have the authority to vote your shares with respect to Proposal No. 4 (ratification of the appointment of the independent registered public accounting firm.) Your shares will not be voted with respect to Proposals No. 1, 2 and 3. This is known as a “broker non-vote.”

How is a quorum reached?

Our Amended and Restated By-laws, or our By-laws, provide that a majority of the shares entitled to vote, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Under the General Corporation Law of the State of Delaware, shares that are voted “abstain” or “withheld” and broker “non-votes” are counted as present for purposes of determining whether a quorum is present at the Annual Meeting. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

How is the vote counted?

Under our By-laws, any proposal other than an election of directors is decided by a majority of the votes properly cast for and against that proposal, except where a larger vote is required by law or by our Amended and Restated Certificate of Incorporation, or Certificate of Incorporation, or By-laws. Abstentions and broker “non-votes” are not included in the tabulation of the voting results on any such proposal and, therefore, do not have an impact on such proposals.

If your shares are held in “street name” by a brokerage firm, your brokerage firm is required to vote your shares according to your instructions. If you do not give instructions to your brokerage firm, the brokerage firm will still be able to vote your shares with respect to certain “discretionary” items but will not be allowed to vote your shares with respect to “non-discretionary” items.

How many votes are needed for approval of each proposal?

- *Proposal No. 1:* The election of Class II directors requires a plurality vote of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. This means that the three nominees who receive the most FOR votes will be elected. You may (i) vote FOR all nominees, (ii) WITHHOLD your vote as to all nominees, or (iii) vote FOR all nominees except for those specific nominees from whom you WITHHOLD your vote. Any shares not voted FOR a particular nominee (whether as a result of voting withheld or a broker non-vote) will not be counted in that nominee’s favor and will have no effect on the outcome of the election. If you WITHHOLD your vote as to all nominees, you will be deemed to have abstained from voting on Proposal No. 1, and the abstention will have no effect on the outcome of the proposal.
- *Proposal No. 2:* The frequency of future non-binding, advisory votes to approve the compensation of our named executive officers that receives the highest number of votes of the shares of our common stock present in person or by proxy at the Annual Meeting thereon shall be approved. You may vote for “ONE YEAR,” “TWO YEARS,” “THREE YEARS” or you may choose to ABSTAIN. Abstentions have no effect on the frequency of future non-binding, advisory votes to approve the compensation of our named executive officers.
- *Proposal No. 3:* Approval on a non-binding, advisory basis of the compensation of our named executive officers requires an affirmative vote of a majority of the shares of our common stock present

[Table of Contents](#)

in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. You may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal No. 2, the abstention will have the same effect as a vote AGAINST the proposal.

- *Proposal No. 4: The ratification of the appointment of KPMG LLP requires an affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. You may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal No. 4, the abstention will have the same effect as a vote AGAINST the proposal.*

What are the effects of abstentions and broker non-votes?

- An abstention represents a stockholder's affirmative choice to decline to vote on a proposal. If a stockholder indicates on its proxy card that it wishes to abstain from voting its shares, or if a broker, bank, or other nominee holding its customers' shares of record causes abstentions to be recorded for shares, these shares will be considered present and entitled to vote at the Annual Meeting. As a result, abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against a proposal in cases where approval of the proposal requires the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting (e.g., Proposal No. 4). However, because the outcome of Proposal No. 1 (election of directors) will be determined by a plurality vote, meaning that the director nominees receiving the most votes will be elected, neither abstentions nor "withheld" votes will have any impact on the outcome of that proposal as long as a quorum exists. Abstentions also will have no effect on the non-binding, advisory vote on the frequency of future non-binding, advisory votes to approve the compensation of our named executive officers (Proposal No. 2) or the ratification of the non-binding, advisory vote to approve the compensation of our named executive officers (Proposal No. 3).
- A broker non-vote occurs when a broker, bank, or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker, bank, or other nominee does not have discretionary voting power with respect to such proposal and has not received voting instructions from the beneficial owner of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting but will not be counted for purposes of determining the number of votes cast. Therefore, a broker non-vote will make a quorum more readily attainable but will not otherwise affect the outcome of the vote on any proposal.
- Proposals No. 1, 2 and 3 are "non-discretionary" items. If you do not instruct your broker how to vote with respect to any of these proposals, your broker may not vote for these proposals and those votes will be counted as broker "non-votes." Proposal No. 4 is considered to be a discretionary item, which means that your brokerage firm will be able to vote on this proposal even if it does not receive instructions from you.

Who pays the cost for soliciting proxies?

We are making this solicitation and will pay the entire cost of preparing and distributing the Notice and our proxy materials and soliciting votes. If you choose to access the proxy materials or vote over the Internet, you are responsible for any Internet access charges that you may incur. Our officers and employees may, without compensation other than their regular compensation, solicit proxies through further mailings, personal conversations, facsimile transmissions, e-mails, or otherwise. We have hired Broadridge Financial Solutions, Inc. to assist us in the distribution of proxy materials and the solicitation of votes described above. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the proxies.

What does it mean if I received more than one Notice of the Annual Meeting?

If you receive more than one proxy card or voting instruction form of the Annual Meeting, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on each notice you received to ensure that all of your shares are voted.

I share an address with another stockholder and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called “householding,” which has been approved by the U.S. Securities and Exchange Commission, or the SEC. Under this procedure, we will deliver only one copy of our proxy materials in the mail to multiple stockholders who share the same address (if they appear to be members of the same family) unless we have received contrary instructions from an affected stockholder. Stockholders who participate in householding will continue to receive separate proxy cards if they received a paper copy of proxy materials in the mail. This procedure reduces our printing and mailing costs. Upon written or oral request, we will promptly deliver a separate copy of the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy, or, if you are receiving multiple copies, to request that we only send a single copy of next year’s proxy materials, you may contact us as follows:

C4 Therapeutics, Inc.
Attention: Corporate Secretary
490 Arsenal Way, Suite 200
Watertown, MA 02472
(617) 231-0700

Stockholders who hold shares in street name may contact their brokerage firm, bank, or other nominee to request information about householding.

How may stockholders submit matters for consideration at an annual meeting?

The required notice must be in writing and received by our Corporate Secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year’s annual meeting. However, in the event that the date of the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the preceding year’s annual meeting, or if no annual meeting were held in the preceding year, a stockholder’s notice must be so received no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever first occurs.

In addition, any stockholder proposal intended to be included in the proxy statement for the next annual meeting of our stockholders in 2023 must also satisfy the requirements of SEC Rule 14a-8 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and be received not later than December 30, 2022. If the date of the annual meeting is moved by more than 30 days from the date contemplated at the time of the previous year’s proxy statement, then notice must be received within a reasonable time before we begin to print and send proxy materials. If that happens, we will publicly announce the deadline for submitting a proposal in a press release or in a document filed with the SEC.

How can I learn about the voting results?

We plan to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting.

PROPOSAL NO. 1 – ELECTION OF CLASS II DIRECTORS

Our Board of Directors currently consists of eight members. In accordance with the terms of our Certificate of Incorporation and By-laws, our Board of Directors is divided into three classes, Class I, Class II and Class III, with members of each class serving staggered three-year terms. The members of the classes are divided as follows:

- The Class I directors are Marc A. Cohen and Kenneth C. Anderson, M.D., and their term will expire at the annual meeting of stockholders to be held in 2024;
- The Class II directors are Alain J. Cohen, Bruce Downey and Glenn Dubin, and their term will expire at the Annual Meeting; and
- The Class III directors are Andrew J. Hirsch, Utpal Koppikar and Malcolm Salter, and their term will expire at the annual meeting of stockholders to be held in 2023.

As disclosed in our Form 8-K filed with the SEC on March 16, 2022, Elena Prokupets, Ph.D. resigned as director and as a member of the Audit, Compensation and Nominating and Corporate Governance Committees of the Board as of March 10, 2022. The Board is currently undertaking a search to add an additional director to further diversify the Board. To ensure a balance between the respective classes, we expect that the new director will be added as a Class I director.

Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a new three-year term at the annual meeting of stockholders in the year in which their term expires.

Our Certificate of Incorporation and By-laws provide that the authorized number of directors may be changed only by resolution of our Board of Directors. Our Certificate of Incorporation also provides that our directors may be removed only for cause by the affirmative vote of the holders of at least two-thirds of the outstanding shares then entitled to vote in an annual election of directors, and that any vacancy on our Board of Directors, including a vacancy resulting from an enlargement of our Board of Directors, may be filled only by vote of a majority of our directors then in office.

Our Board of Directors has nominated Alain J. Cohen, Bruce Downey and Glenn Dubin for election as the Class II directors at the Annual Meeting. Each of the nominees is presently a director and has indicated a willingness to continue to serve as a director, if elected. If any of the nominees becomes unable or unwilling to serve, however, the proxies may be voted for a substitute nominee selected by our Board of Directors.

Our priority in selection of members of our Board of Directors is identification of members who will further the interests of our stockholders through their established record of professional accomplishment, their ability to contribute positively to the collaborative culture among members of our Board of Directors and their knowledge of our business and understanding of the competitive landscape.

Nominees for Election as Class II Directors

The following table identifies our Class II directors and sets forth their principal occupations and business experience during the last five years and their ages as of April 25, 2022:

Name	Positions and Offices Held with C4 Therapeutics	Director Since	Class and Year in Which Term Will Expire	Age
Alain J. Cohen	Director	2015	Class II—2022	55
Bruce Downey	Director	2015	Class II—2022	74
Glenn Dubin	Director	2021	Class II—2022	65

Alain J. Cohen has served as our director since December 2015. Since October 2013, Mr. Cohen has been the co-Chief Executive Officer of Cobro Ventures, Inc., an investment management company for technology and biotechnology companies. Since December 2011, Mr. Cohen has also been co-Chief Executive Officer of Bublup, Inc., an online knowledge-sharing and organization platform. Mr. Cohen also serves on the boards of directors of Mana Therapeutics, Inc., a biotechnology company developing off-the-shelf cellular therapies for cancer patients, since October 2018, and NextRNA Therapeutics, Inc., a biotechnology company focused on developing the next generation of RNA-directed therapeutics, since March 2021. In 1986, Mr. Cohen co-founded and served as President and Chief Technology Officer of OPNET Technologies, Inc., a software company that provided performance management tools for computer networks and applications, through its acquisition in 2012. Mr. Cohen holds a B.S. in Electrical Engineering from the Massachusetts Institute of Technology.

We believe that Mr. Cohen is qualified to serve on our Board because of his experience, qualifications, attributes and skills, including his extensive business experience and knowledge of the life sciences industry.

Bruce Downey has served as our director since December 2015 and as our Lead Independent Director since January 2022. From 1994 to 2008, Mr. Downey was Chairman and Chief Executive Officer of Barr Pharmaceuticals, Inc. (until its acquisition by Teva in 2008), a global generic pharmaceutical manufacturer. Mr. Downey has served on a part-time basis as a Partner of NewSpring Health Capital II, L.P., a venture capital firm, since April 2009. Prior to Barr Pharmaceuticals, Mr. Downey was a practicing attorney for 20 years, working in both the private sector and for the federal government, including the U.S. Department of Justice and the U.S. Department of Energy. In addition, Mr. Downey has served on the boards of directors of OncoPep, Inc., a biotechnology company focused on developing targeted immunotherapeutics since April 2011 and Cardinal Health, Inc. (NYSE: CAH), a healthcare services company since July 2009. Mr. Downey previously served on the board of directors of Melinta Therapeutics, Inc. (Nasdaq: MLNT), a biopharmaceutical firm, from October 2018 until April 2020, and Momenta Pharmaceuticals, Inc. (Nasdaq: MNTA), a biotechnology company from June 2009 through the sale of the company in October 2020. Mr. Downey holds a B.S. in Economics from Miami University and a J.D. from Ohio State University.

We believe that Mr. Downey is qualified to serve on our Board because of his experience, qualifications, attributes and skills, including his global pharmaceutical industry experience.

Glenn Dubin has served as our director since March 2021. Mr. Dubin is the Principal of Dubin & Co., a private investment company based in New York. Since 2012, Mr. Dubin has been a member of the board of directors and lead shareholder of Castleton Commodities International LLC, a global merchant energy company active in the physical and financial commodity markets and infrastructure investing. Mr. Dubin co-founded Highbridge Capital Management LLC, an alternative asset management company that was acquired by JP Morgan Asset Management. Mr. Dubin is also Managing Member of DF Investment Partners, LLC. Additionally, Mr. Dubin is active in a variety of philanthropic endeavors, including roles as founder and former chair of the board of the Robin Hood Foundation, an organization that applies investment principles to charitable giving, the Mount Sinai Medical Center, where he and his wife, Dr. Eva Andersson-Dubin, established the Dubin Breast Center, a leading institution for breast cancer research and clinical care, and the Museum of Modern Art, where he is a member of the board of trustees.

We believe that Mr. Dubin is qualified to serve on our Board because of his experience, qualifications, attributes and skills, including his extensive capital market experience.

Vote Required

To be approved, the election of Class II directors requires a plurality vote of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon. Broker non-votes will have no effect on this proposal.

[Table of Contents](#)

Each proxy received will be voted in favor of the above nominees unless a contrary specification is made in the proxy. Each of the nominees has consented to serve as a member of our Board of Directors if elected. However, if the nominees are unable to serve or for good cause will not serve as a director, the proxies will be voted for the election of such substitute nominee as our Board of Directors may designate.

The Board of Directors recommends voting “FOR” the election of Alain J. Cohen, Bruce Downey and Glenn Dubin as the Class II directors, each to serve for a three-year term ending at the annual meeting of stockholders to be held in 2025.

Directors Continuing in Office

The following table identifies our Class I and Class III directors and sets forth their principal occupation and business experience during the last five years and their ages as of April 25, 2022:

<u>Name</u>	<u>Positions and Offices Held with C4 Therapeutics</u>	<u>Director Since</u>	<u>Class and Year in Which Term Will Expire</u>	<u>Age</u>
Kenneth C. Anderson, M.D.	Director	2015	Class I—2024	70
Marc A. Cohen	Executive Chairman and Director	2015	Class I—2024	58
Andrew J. Hirsch	Director, President and Chief Executive Officer	2020	Class III—2023	51
Utpal Koppikar	Director	2022	Class III—2023	51
Malcolm Salter	Director	2015	Class III—2023	82

Marc A. Cohen is a co-founder and has served as a member of our Board and as Executive Chairman since our inception in October 2015. He served as our interim Chief Executive Officer from March 2020 through October 2, 2020. Since December 2011, Mr. Cohen has served as the Chairman and co-Chief Executive Officer of Bublup, Inc., an online knowledge-sharing and organization platform, and has served as co-Chief Executive Officer of Cobro Ventures, Inc., an investment management company for technology and biotechnology companies, since October 2013. Mr. Cohen is also the chief executive officer of the Cobro Ventures Opportunities Funds. Mr. Cohen is also Chairman of Frequency Therapeutics, Inc. (Nasdaq: FREQ), a regenerative medicine biotechnology company, a position he has held since September 2016. He also serves as Executive Chairman of Mana Therapeutics, Inc., a biotechnology company developing off-the-shelf cellular therapies for cancer patients, since June 2018, Executive Chairman and Founder of NextRNA, Inc., a biotechnology company focused on developing the next generation of RNA-directed therapeutics, since February 2021, Executive Chairman of OncoPep, Inc., a biotechnology company developing targeted immunotherapeutics, since April 2011, Executive Chairman of Raqia Therapeutics, Inc., a CAR-T cell therapies company for cancer and other diseases, since July 2020 and Executive Chairman of Regency Pharmaceuticals, Inc., a biotechnology company developing disease-modifying approaches to treating peripheral neuropathies, since January 2016. Mr. Cohen is also the co-founder of the Dana-Farber Innovations Research Fund, a venture philanthropy fund focused on early-stage research. Mr. Cohen was co-founder and served as Chief Executive Officer and Chairman of OPNET Technologies, Inc., a software company that provided performance management tools for computer networks and applications, from 1986 through its acquisition in 2012. Mr. Cohen holds an M.S. in Electrical Engineering from Stanford University and an A.B. in Engineering Sciences from Harvard University.

We believe the characteristics that qualify Mr. Cohen for service on our Board include his leadership experience and business judgment, his role in leading the growth of our company since its founding and his deep knowledge of our operations and our product candidates.

Kenneth C. Anderson, M.D. is a co-founder and has served as a member of our Board since December 2015. Dr. Anderson has also served as the Kraft Family Professor of Medicine at Harvard Medical School since 2002, as well as Director of the Jerome Lipper Multiple Myeloma Center and Lebow Institute for Myeloma

Therapeutics at Dana-Farber Cancer Institute since 2000 and 2007, respectively. Dr. Anderson is a member of the Institute of Medicine of the National Academy of Sciences and served as President of the International Myeloma Society from 2011 until 2015. Dr. Anderson serves on the boards of directors of Mana Therapeutics, Inc., a biotechnology company developing off-the-shelf cellular therapies for cancer patients, since January 2018, OncoPep, Inc. a biotechnology company developing targeted immunotherapeutics, since January 2010, NextRNA, a biotechnology company focused on developing the next generation of RNA-directed therapeutics, since February 2021, Raqia Therapeutics, Inc., a CAR-T cell therapies company for cancer and other diseases, since September 2020, and Starton Therapeutics, Inc., a biotechnology company focused on blood cancer treatments, since September 2020. Since March 2021, Dr. Anderson has also served as a member of the Advisory Board to Cobro Ventures Management, LLC. Dr. Anderson holds an M.D. from Johns Hopkins Medical School, where he also trained in internal medicine, and completed hematology, medical oncology and tumor immunology training at Dana-Farber Cancer Institute.

We believe that Dr. Anderson is qualified to serve on our Board because of his experience, qualifications, attributes and skills, including his extensive experience in the life sciences industry.

Andrew J. Hirsch has served as our President and a member of our Board since September 2020 and as our Chief Executive Officer since October 2, 2020. From September 2016 to September 2020, Mr. Hirsch served as Chief Financial Officer at Agios Pharmaceuticals, Inc., a public pharmaceutical company (Nasdaq: AGIO), including as head of corporate development beginning March 2018. From March 2015 until August 2016, he served as President and Chief Executive Officer of BIND Therapeutics, Inc., or BIND, a biotechnology company. Prior to being named President and Chief Executive Officer, Mr. Hirsch held several other leadership positions at BIND, including Chief Operating Officer from February 2014 to March 2015, and Chief Financial Officer from July 2012 to March 2015. Prior to joining BIND, Mr. Hirsch was Chief Financial Officer at Avila Therapeutics, Inc., a biotechnology company, from June 2011 until its acquisition by Celgene Corporation in March 2012. From 2002 to 2011, Mr. Hirsch held roles of increasing responsibility at Biogen Inc., including Vice President of Corporate Strategy and M&A and program executive for the Tecfidera development team. Since May 2017, Mr. Hirsch has served on the board of directors of Editas Medicine, Inc. (Nasdaq: EDIT), a pharmaceutical company, and also serves as a member of its audit committee and organization, leadership and compensation committee. He holds an M.B.A. from the Tuck School at Dartmouth College and a B.A. in Economics from the University of Pennsylvania.

We believe that Mr. Hirsch is qualified to serve on our Board because of his extensive leadership and industry-specific experience in a range of strategic and operating roles in the biotech sector.

Utpal Koppikar has served as our director since March 2022. Mr. Koppikar is the Chief Financial Officer of Atara Biotherapeutics, a developer of T-cell immunotherapy medicines for patients with cancer and autoimmune diseases. In this role, Mr. Koppikar oversees Atara's Finance, Information Technology, and Investor Relations functions. Prior to his tenure with Atara, Mr. Koppikar held several senior financial leadership positions at Gilead Sciences, including Vice President of Corporate and Operations Finance. Prior to joining Gilead, he served in multiple finance roles of increasing responsibility at Amgen. Mr. Koppikar served on the board of directors of Flexion Therapeutics in 2021 as Chair of the Audit Committee prior to the company's sale. Mr. Koppikar earned a B.S. in aerospace engineering at the University of Maryland and received an M.S. in aeronautical and astronautical engineering from Stanford University. He also holds an M.B.A. in finance and marketing from The Anderson School at UCLA.

We believe that Mr. Koppikar is qualified to serve on our Board because of his experience, qualifications, attributes and skills, including his extensive background in financial and strategic leadership positions in the life sciences industry.

Malcolm Salter has served as our director since December 2015. Mr. Salter is the James J. Hill Professor, Emeritus, at the Harvard Business School. From the time he joined the Harvard Business School faculty in 1967,

[Table of Contents](#)

his teaching and research have focused on issues of corporate strategy and governance. Mr. Salter currently serves on the boards of directors of NextRNA, Inc., a biotechnology company focused on developing the next generation of RNA-directed therapeutics, since February 2021, and Raqia Therapeutics, Inc., a CAR-T cell therapies company for cancer and other diseases, since September 2020. Mr. Salter is also a co-founder of the Dana-Farber Innovations Research Fund, a venture philanthropy fund focused on early-stage research. From 1986 to 2006, Mr. Salter served as president of Mars & Co., a global strategy-consulting firm. Mr. Salter is a Trustee of the Dana-Farber Cancer Institute. Mr. Salter holds an A.B., M.B.A., and a D.B.A. from Harvard University.

We believe that Mr. Salter is qualified to serve on our Board because of his business background and extensive corporate leadership experience.

Family Relationships

Our directors Marc A. Cohen and Alain J. Cohen are brothers. There are no other family relationships between or among any of our directors or executive officers. The principal occupation and employment during the past five years of each of our directors was carried on, in each case except as specifically identified above, with a corporation or organization that is not a parent, subsidiary or other affiliate of us. There is no arrangement or understanding between any of our directors and any other person or persons pursuant to which he or she is to be selected as a director.

Legal Proceedings Involving Our Directors

There are no material legal proceedings to which any of our directors is a party adverse to us or any of our subsidiaries or in which any such person has a material interest adverse to us or our subsidiary.

Ms. White earned an M.B.A. from Harvard Business School and a B.S. from the Carroll School of Management at Boston College.

The principal occupation and employment during the past five years of each of our executive officers was carried on, in each case except as specifically identified above, with a corporation or organization that is not a parent, subsidiary or other affiliate of us. There is no arrangement or understanding between any of our executive officers and any other person or persons pursuant to which he was or is to be selected as an executive officer. There are no material legal proceedings to which any of our executive officers is a party adverse to us or our subsidiary or in which any such person has a material interest adverse to us or our subsidiary.

CORPORATE GOVERNANCE

Director Nomination Process

Our Nominating and Corporate Governance Committee, or the NCGC, is responsible for identifying individuals qualified to serve as directors, consistent with criteria approved by our board, and recommending such persons to be nominated for election as directors, except where we are legally required by contract, law or otherwise to provide third parties with the right to nominate.

The process followed by our NCGC to identify and evaluate director candidates includes candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board of Directors or management. The committee requires the following minimum qualifications to be satisfied by any nominee for a position on our Board of Directors:

- High standards of personal and professional ethics and integrity,
- Proven achievement and competence in the nominee's field and the ability to exercise sound business judgment,
- Skills that are complementary to those of the existing members of the Board of Directors,
- The ability to assist and support management and make significant contributions to the Company's success, and
- An understanding of the fiduciary responsibilities that are required of a member of the Board of Directors and the commitment of time and energy necessary to diligently carry out those responsibilities.

Stockholders may recommend individuals to the NCGC for consideration as potential director candidates. Any such proposals should be submitted to our Corporate Secretary at our principal executive offices not less than 120 calendar days prior to the date on which the Company's proxy statement was released to stockholders in connection with its previous year's annual meeting. Stockholder recommendations should be accompanied by the following information:

- The name and address of record of the stockholder;
- A representation that the stockholder is a record holder of the Company's securities or, if the stockholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) of the Exchange Act;
- The name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five (5) full fiscal years of the recommended director candidate;
- A description of the qualifications and background of the recommended director candidate that addresses the criteria for membership on the Company's Board of Directors as approved by the Board of Directors from time to time and set forth in the NCGC's charter (a copy of which is available on the corporate governance section of our website, <https://ir.c4therapeutics.com/corporate-governance>);
- A description of all arrangements or understandings between the stockholder and the recommended director candidate;
- The consent of the recommended director candidate (i) to be named in the proxy statement for the Company's next meeting of stockholders and (ii) to serve as a director if elected at that meeting; and
- Any other information regarding the recommended director candidate that is required to be included in a proxy statement filed pursuant to the rules of the SEC.

[Table of Contents](#)

Stockholder proposals should be addressed to C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472, Attention: Corporate Secretary. Assuming that biographical and background material has been provided on a timely basis in accordance with our By-laws, any recommendations received from stockholders will be evaluated in the same manner as potential nominees proposed by the NCGC. If our Board of Directors determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included on our proxy card for the next annual meeting of stockholders. See “*Stockholder Proposals*” in this proxy statement for a discussion of submitting stockholder proposals.

Director Independence

Applicable Nasdaq Stock Market LLC, or Nasdaq, rules require a majority of a listed company’s board of directors to be comprised of independent directors within one year of listing. In addition, the Nasdaq rules require that, subject to specified exceptions, each member of a listed company’s audit, compensation and nominating and corporate governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act and that compensation committee members satisfy independence criteria set forth in Rule 10C-1 under the Exchange Act. Under applicable Nasdaq rules, a director will only qualify as an “independent director” if, in the opinion of the listed company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries or otherwise be an affiliated person of the listed company or any of its subsidiaries. In addition, in affirmatively determining the independence of any director who will serve on a company’s compensation committee, Rule 10C-1 under the Exchange Act requires that a company’s board of directors must consider all factors specifically relevant to determining whether a director has a relationship to such company which is material to that director’s ability to be independent from management in connection with the duties of a compensation committee member, including: the source of compensation to the director, including any consulting, advisory or other compensatory fee paid by such company to the director, and whether the director is affiliated with the company or any of its subsidiaries or affiliates.

Our Board of Directors has determined that all members of the Board of Directors, except Andrew J. Hirsch, are independent directors, including for purposes of the rules of Nasdaq and the SEC. In making this independence determination, our Board of Directors considered the relationships that each non-employee director has with us and all other facts and circumstances that our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. In considering the independence of the directors listed above, our Board of Directors considered the association of our directors with the holders of more than 5% of our common stock. There are no family relationships among any of our directors or executive officers other than between Marc A. Cohen and Alain J. Cohen, who are brothers. Andrew J. Hirsch is not an independent director under these rules because he is an executive officer of our company.

Board Structure

In accordance with the terms of our amended and restated certificate of incorporation and amended and restated bylaws, our board of directors is divided into three classes of directors. At each annual meeting of stockholders, a class of directors will be elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The terms of the directors will expire upon the election and qualification of successor directors at the annual meeting of stockholders to be held during the years 2022 for Class II directors, 2023 for Class III directors and 2024 for Class I directors.

- Our Class I directors are Marc A. Cohen and Kenneth C. Anderson, M.D.;

[Table of Contents](#)

- Our Class II directors are Alain J. Cohen, Bruce Downey and Glenn Dubin; and
- Our Class III directors are Andrew J. Hirsch, Utpal Koppikar and Malcolm Salter.

Our Certificate of Incorporation and By-laws provide that the number of our directors shall be fixed from time to time by a resolution of the majority of our board of directors.

While the division of our board of directors into three classes, each with a three-year term, may delay or prevent stockholder efforts to effect a change of our management or a change in control, we believe that our classified board structure aligns with the long-term orientation of the development of our pipeline and has enabled the Board to provide undivided, independent oversight of management as it executes on our strategic initiatives that we believe will create long-term stockholder value.

Board Demographics, Skills and Experience

The NCGC seeks to recommend for nomination as directors individuals who have substantive knowledge of our business and industry and/or can bring to the board specific and valuable strategic or management capabilities acquired in other industries. The committee expects each of our directors to have proven leadership, sound judgment, the highest ethics and integrity and a commitment to the success of our company. It also seeks personal qualities that foster a respectful environment in which our directors listen to one another and hold engaged and constructive discussions. These goals for our board composition presuppose a diverse range of viewpoints, experiences and specific expertise. In considering potential directors and in considering whether to nominate an existing director for reelection, the NCGC considers the individual's personal characteristics and business experience relative to those of our existing Board members, including the proposed director's type of prior management experience, levels of expertise relevant to our business, prior board service, reputation in the business community, character, independence, lack of conflicts of interest, personal characteristics such as gender and race, and other factors that the committee believes to be important.

We are committed to diversity and inclusion, as demonstrated by the recent appointment of Utpal Koppikar to our Board of Directors. As disclosed in our Form 8-K filed with the SEC on March 16, 2022, Elena Prokupets, Ph.D. resigned as director and as a member of the Audit, Compensation and Nominating and Corporate Governance Committees of the Board as of March 10, 2022. The Board has launched a search to identify additional diverse candidates for service on our Board. In addition, our nine-person Senior Leadership Team includes five women and one person of color.

Board Committees

Our Board of Directors has established an Audit Committee, Organization, Leadership and Compensation Committee (known as the Compensation Committee through March 2022 and referred to from time to time in this proxy statement as the OLCC), and Nominating and Corporate Governance Committee (referred to from time to time in this proxy statement as the NCGC). Each of these standing committees operates under a charter that satisfies the applicable standards of Nasdaq and the SEC. Each of these committees reviews its charter at least annually. A current copy of the charter for each of these standing committees is posted on the corporate governance section of our website, <https://ir.c4therapeutics.com/corporate-governance>.

Audit Committee

Bruce Downey, Utpal Koppikar and Malcolm Salter currently serve on our Audit Committee, which is currently chaired by Mr. Koppikar. Mr. Salter chaired this committee during 2021 and until Mr. Koppikar joined the Board and this committee in March 2022. During 2021 and until her resignation from the Board and Audit Committee in March 2022, Elena Prokupets, Ph.D. was a member of the Audit Committee. Our Board of Directors has determined that all of the members of our Audit Committee during 2021 and currently are “independent” for audit committee purposes, as that term is defined in the rules of the SEC and the current listing standards of Nasdaq, and each of our Audit Committee members has sufficient knowledge in financial and auditing matters to serve on the Audit Committee. Our Board of Directors has designated each of Messrs. Koppikar and Salter as an “audit committee financial expert,” as defined under the applicable rules of the SEC. During the fiscal year ended December 31, 2021, the Audit Committee met eight times. The report of the Audit Committee is included in this proxy statement under “Report of the Audit Committee.” The Audit Committee’s responsibilities include, among others:

- appointing, approving the compensation of, assessing the independence of and overseeing the work of our independent registered public accounting firm;
- pre-approving auditing and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;

Table of Contents

- reviewing the overall audit plan with our independent registered public accounting firm and members of management responsible for preparing our financial statements, including the independent audit firm's audit staffing plans;
- reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures, as well as critical accounting policies and practices used by us;
- coordinating the oversight and reviewing the adequacy of our internal control over financial reporting;
- establishing policies and procedures for the receipt and retention of accounting-related complaints and concerns;
- recommending, based upon the Audit Committee's review and discussions with management and our independent registered public accounting firm, whether our audited financial statements shall be included in our Annual Report on Form 10-K;
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters;
- preparing the Audit Committee report required by SEC rules to be included in our annual proxy statement;
- reviewing and discussing our major risk exposures, including, without limitation, financial, operational, cyber security and data privacy, competitive, legal, regulatory, hedging and accounting risks, and discussing the guidelines and policies that govern the process by which management assesses and manages risk;
- reviewing all related person transactions for potential conflict of interest situations and approving all such transactions; and
- reviewing quarterly earnings releases.

All audit and non-audit services to be provided to us by our independent registered public accounting firm, with the exception of certain services of *de minimus* value, must be approved in advance by our Audit Committee.

Organization, Leadership and Compensation Committee

Alain J. Cohen, Bruce Downey and Utpal Koppikar currently serve on our Organization, Leadership and Compensation Committee, or the OLCC, which is currently chaired by Mr. Downey. During 2021, Marc A. Cohen was a member and chair of the OLCC and Ms. Prokupets served on this committee between January and March 2022, replacing Mr. M. Cohen, who resigned from this committee at the end of 2021. Our Board of Directors has determined that all of the members of the OLCC during 2021 and currently are "independent" for compensation committee purposes, as that term is defined in the rules of the SEC and the current listing standards of Nasdaq. During the fiscal year ended December 31, 2021, the OLCC met five times. The OLCC's responsibilities include, but are not limited to:

- annually reviewing and recommending to the Board of Directors the corporate goals and objectives relevant to the compensation of our Chief Executive Officer;
- evaluating the performance of our Chief Executive Officer in light of those corporate goals and objectives and recommending to the Board of Directors the equity and non-equity compensation of our Chief Executive Officer;
- reviewing and recommending to the Board of Directors any agreements or provisions related to the employment of the members of our Senior Leadership Team, including our CEO, as well as any special or supplemental benefits for our Senior Leadership Team;

Table of Contents

- overseeing an annual evaluation of the performance of the members of our Senior Leadership Team other than our CEO and reviewing and approving their cash, equity, and non-equity compensation;
- overseeing our overall management compensation, philosophy and policy;
- administering our equity compensation plans;
- evaluating and assessing potential and current compensation advisors to the committee in accordance with the independence standards identified in the applicable Nasdaq rules;
- reviewing and making recommendations to the Board with regard to our policies and procedures for the grant of equity-based awards and the size of equity-based plans;
- reviewing and recommending to the Board of Directors the compensation of our directors;
- reviewing and assessing the results of the most recent stockholder advisory vote on executive compensation and considering those results as part of its review and approval of compensation for the members of our Senior Leadership Team;
- reviewing and discussing with management our strategies, initiatives and/or programs focused on (1) leadership and talent development and succession planning, (2) diversity, equity and inclusion, and (3) employee recruitment, development, and retention;
- preparing the compensation committee report required by SEC rules, if and when required, to be included in our annual proxy statement; and
- reviewing and approving the retention, termination or compensation of any consulting firm or outside advisor to assist in the evaluation of compensation matters.

The OLCC engaged Aon’s Human Capital Solutions practice, a division of Aon plc, or Aon, to provide it with executive and director compensation consulting services. In 2021, Aon provided services to the OLCC that included providing information and data on current trends and developments in executive and director compensation, analyzing benchmarking data, suggesting peer group selection criteria and evaluating and making recommendations on the composition of our compensation peer group. Aon also provided information to the OLCC on its independence and the OLCC evaluated whether any of the work performed by Aon during 2021 raised any conflict of interest, determining that it did not.

Nominating and Corporate Governance Committee

Bruce Downey, Glenn Dubin and Malcolm Salter currently serve on our Nominating and Corporate Governance Committee, which is currently chaired by Mr. Salter. During 2021, Marc A. Cohen was a member and chair of the NCGC. Our Board of Directors has determined that all of the members of the NCGC are “independent” as defined under current listing standards of Nasdaq. During the fiscal year ended December 31, 2021, the NCGC met four times. The NCGC’s responsibilities include:

- developing and recommending to the Board of Directors criteria for Board of Directors and committee membership;
- establishing procedures for identifying and evaluating Board of Director candidates, including nominees recommended by stockholders;
- reviewing the composition of the Board of Directors to ensure that it is composed of members containing the appropriate skills and expertise to advise us;
- identifying individuals qualified to become members of the Board of Directors;
- recommending to the Board of Directors the persons to be nominated for election as directors and to each of the committees of the Board of Directors;

[Table of Contents](#)

- reviewing and periodically reassessing the adequacy of our corporate governance guidelines and our code of business conduct and ethics and, when appropriate, recommend updates to the Board of Directors for approval;
- overseeing the Company's initiatives related to environmental, social, and governance matters;
- reviewing and assessing management and Board of Directors succession planning; and
- overseeing the evaluation of our Board of Directors and its committees.

The NCGC considers candidates for Board of Director membership suggested by its members and the Chief Executive Officer. Additionally, in selecting nominees for directors, the NCGC will review candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the committee and/or recommended by our Board of Directors. Any stockholder who wishes to recommend a candidate for consideration by the committee as a nominee for director should follow the procedures described later in this proxy statement under the heading "*Stockholder Proposals*." The NCGC will also consider whether to nominate any person proposed by a stockholder in accordance with the provisions of our By-laws relating to stockholder nominations as described later in this proxy statement under the heading "*Stockholder Proposals*."

Identifying and Evaluating Director Nominees. Our Board of Directors is responsible for filling vacancies on our Board of Directors and for nominating candidates for election by our stockholders each year in the class of directors whose term expires at the relevant annual meeting. The Board of Directors delegates the selection and nomination process to the NCGC, with the expectation that other members of the Board of Directors and of management will be requested to take part in the process, as appropriate.

Generally, the NCGC identifies candidates for director nominees in consultation with management through the use of search firms or other advisors, the recommendations submitted by stockholders or such other methods as the NCGC deems to be helpful to identify candidates. Once candidates have been identified, the NCGC confirms that the candidates meet all of the minimum qualifications for director nominees established by the NCGC. The NCGC may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the NCGC deems to be appropriate in the evaluation process. The NCGC then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and factoring in the overall composition and needs of our Board of Directors. Based on the results of the evaluation process, the NCGC recommends candidates for the Board of Directors' approval to fill a vacancy or as director nominees for election to the Board of Directors by our stockholders each year in the class of directors whose term expires at the relevant annual meeting.

Board and Committee Meetings Attendance

The full Board of Directors met four times during 2021. During 2021, each member of the Board of Directors attended in person or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board of Directors (held during the period for which such person has been a director) and (ii) the total number of meetings held by all committees of the Board of Directors on which such person served (during the periods that such person served). We expect that Marc Cohen will not attend 75% or more of the total number of meetings of the Board of Directors during 2022 due to a personal illness.

Director Attendance at Annual Meeting of Stockholders

Directors are responsible for attending the annual meeting of stockholders to the extent practicable. All members of the Board of Directors other than Alain J. Cohen attended our annual meeting of stockholders in 2021.

Policy on Trading, Pledging and Hedging of Company Stock

Certain transactions in our securities (such as purchases and sales of publicly traded put and call options and short sales) create a heightened compliance risk or could create the appearance of misalignment between management and stockholders. In addition, securities held in a margin account or pledged as collateral may be sold without consent if the owner fails to meet a margin call or defaults on the loan, thus creating the risk that a sale may occur at a time when an officer or director is aware of material, nonpublic information or otherwise is not permitted to trade in Company securities. Our insider trading policy expressly prohibits, without prior approval, our executive officers, directors, designated employees, certain designated consultants and contractors, along with their respective affiliates – a group we refer to as our “insiders” – from engaging in short sales, purchases or sales of derivative transactions or hedging transactions of our stock, purchases or sales of puts, calls or other derivative securities of the company or any derivative securities that provide the economic equivalent of ownership of any of our securities or purchases or sales of any opportunity, direct or indirect, to profit from any change in the value of our securities, or other hedging transactions. In addition, our insider trading policy expressly prohibits our insiders from borrowing against company securities held in a margin account, or, without prior approval, pledging our securities as collateral for a loan.

Code of Business Conduct and Ethics

We have adopted a written Code of Business Conduct and Ethics that applies to our directors, officers, employees and certain designated agents, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A current copy of the Code of Business Conduct and Ethics is posted on the corporate governance section of our website, which is located at <https://ir.c4therapeutics.com/corporate-governance>. If we make any substantive amendments to, or grant any waivers from, our Code of Business Conduct and Ethics for any officer or director, we will disclose the nature of that amendment or waiver on our website or in a Current Report on Form 8-K filed with the SEC.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. The guidelines provide that:

- Our Board’s principal responsibility is to oversee the management of the business and affairs of the Company;
- Except as required by Nasdaq rules, a majority of the members of our Board must be independent directors;
- The independent directors meet in executive session at least once a year;
- Our Board will have an audit committee, a compensation committee (in our case, the OLCC), and a nominating and corporate governance committee as standing committees, with responsibilities as outlined in the respective committee’s charter;
- Our Board and its committees shall have full and free access to management and, as necessary, independent advisors;
- The NCGC will have responsibility for developing succession plans for our Board, as appropriate; and
- The NCGC will oversee periodic self-evaluations that the Board may conduct to determine whether it and its committees are functioning effectively.

A current copy of our Corporate Governance Guidelines is posted on the corporate governance section of our website, which is located at <https://ir.c4therapeutics.com/corporate-governance>.

Insider Trading Policy

Our Insider Trading Policy applies to the Company's directors, officers, employees, and designated contractors and consultants. Our Insider Trading Policy and our Special Trading Procedures for Insiders prohibit the following activities when in possession of material nonpublic information:

- trading in the Company's securities or any derivative securities that provide the economic equivalent of ownership of any of the Company's securities;
- short sales of our shares;
- having others trade for you in the Company's securities;
- giving trading advice that may violate the law or our Insider Trading Policy;
- disclosing material, nonpublic information about the Company to anyone else who might then trade, or recommending to anyone that they purchase or sell the Company's securities when aware of material, nonpublic information about the Company;
- purchasing or selling of derivative securities or hedging transactions without pre-approval from the Audit Committee of our Board of Directors; and
- pledging of securities as collateral for a loan unless the pledge has been approved by the Audit Committee.

These provisions also apply to spouses, significant others, children, parents, or other family members, in each case living in the same household, as well as controlled investment funds, trusts or other entities.

Board Leadership Structure

Currently, the role of Chairman of the Board is separated from the role of Chief Executive Officer, with Marc A. Cohen serving as our Executive Chairman. In addition, as part of our efforts to enhance our corporate governance, our Board of Directors named Bruce Downey as our Lead Independent Director as of January 2022. We believe that separating the roles of Chair and Chief Executive Officer allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Executive Chairman, with assistance from the Lead Independent Director, to lead the Board of Directors in its fundamental role of providing advice to, and independent oversight of, management. Our Board of Directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as Chairman of the Board and Lead Independent Director, particularly as the Board of Directors' oversight responsibilities continue to grow. While our By-laws and our corporate governance guidelines do not require that the Chairman of the Board and Chief Executive Officer positions be separate, our Board of Directors believes that having separate positions and also having a Lead Independent Director is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Board's Role in Risk Oversight

Risk is inherent to every business and how well a business manages risk can ultimately determine its success. We face a number of risks, including risks relating to our financial condition, development and commercialization activities, operations, strategic direction, and intellectual property. Management is responsible for the day-to-day management of risks we face, while our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

[Table of Contents](#)

The role of the Board of Directors in overseeing the management of our risks is conducted primarily through committees of the Board of Directors, as disclosed in the descriptions of each of the committees above and in the charters of each of the committees, copies of which can be found on the corporate governance section of our website, <https://ir.c4therapeutics.com/corporate-governance>.

The full Board of Directors (or the appropriate committee of the Board in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, their potential impact on us and the steps we take to manage them. When a committee of our Board of Directors is responsible for evaluating and overseeing the management of a particular risk or risks, the chair of the relevant committee reports on the discussion to the full Board during the committee reports portion of the next Board meeting. This enables the Board of Directors and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Communication with the Members of our Board of Directors

Any interested party with concerns about our company may report those concerns to the Board of Directors through the Chairman of our Board of Directors and/or the Lead Independent Director by submitting a written communication to the attention of that individual director at the following address or by email to Board@c4therapeutics.com:

c/o C4 Therapeutics, Inc.
490 Arsenal Way, Suite 200
Watertown, Massachusetts 02472
United States

You may submit your concern anonymously or confidentially by postal mail. You may also indicate whether you are a stockholder, customer, supplier or other interested party.

A copy of any written communication of this nature may also be forwarded to our legal counsel and retained for a reasonable period of time. A director receiving a communication of this nature may discuss the matter with our legal counsel, independent advisors, non-management directors or our management or may take other action or no action as the director determines in good faith, using reasonable judgment and applying his or her own discretion. Our legal counsel reserves the right not to forward communications if they are deemed inappropriate, solicitations, advertisements, surveys, “junk” mail or mass mailings or consist of individual grievances or other interests that are personal to the party submitting the communication and could not reasonably be construed to be of concern to securityholders or other constituencies of our Company.

Communications may be forwarded to other directors if they relate to important substantive matters and include suggestions or comments that may be important for other directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

The Audit Committee oversees the procedures for the receipt, retention, and treatment of complaints we receive regarding accounting, internal accounting controls, or audit matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting, internal accounting controls or auditing matters. We also have established a toll-free telephone number for the reporting of these types of activity, which is (877) 346-6134, and a website for the submission of these types of reports, which is www.whistleblowerservices.com/CCCC.

DIRECTOR COMPENSATION

The table below shows all compensation earned by each of our non-employee directors during the fiscal year ended December 31, 2021. During the fiscal year ended December 31, 2021, we did not provide any compensation to Andrew J. Hirsch, our President and Chief Executive Officer for his service as a director. The compensation paid to Mr. Hirsch as an executive officer during 2021 is set forth under “*Executive Compensation – 2021 Summary Compensation Table*” below.

Name	Fees Earned or Paid in Cash (\$) (1)	Option Awards (\$) (2)	Total (\$)
Kenneth C. Anderson, M.D.	\$ 34,996	\$ 601,407	\$ 636,403
Alain J. Cohen	40,000	601,407	641,407
Marc A. Cohen	82,972	601,407	684,379
Bruce Downey	47,500	601,407	648,907
Glenn Dubin (4)	20,073	1,300,466	1,320,539
Utpal Koppikar (5)	—	—	—
Elena Prokupets, Ph.D. (6)	46,500	601,407	647,907
Malcolm Salter	53,978	601,407	655,385

- (1) Amounts represent annual cash compensation earned for services rendered by members of our Board of Directors and the committees thereof during the fiscal year ended December 31, 2021. However, in accordance with our Non-employee Director Compensation Policy, the following members of our Board of Directors elected to receive all or a portion of their cash compensation in the form of unrestricted shares: Dr. Anderson was issued 692 shares in lieu of \$26,250 in fees; Mr. A. Cohen was issued 791 shares in lieu of \$30,000 in fees; Mr. M. Cohen was issued 1,640 shares in lieu of \$62,250 in fees; Mr. Dubin was issued 494 shares in lieu of \$18,750 in fees; and Mr. Salter was issued 1,067 shares in lieu of \$40,500 in fees.
- (2) Amounts reflect the aggregate grant date fair value of option awards granted during the 2021 year in accordance with our Non-employee Director Compensation Policy (described below), calculated in accordance with the provisions of Financial Accounting Standards Board, or FASB, Accounting Standard Codification, or ASC, Topic 718, *Compensation—Stock Compensation*. See Note 11 to our audited consolidated financial statements appearing in our 2021 Annual Report for assumptions underlying the valuation of equity awards.
- (3) Mr. Dubin joined our Board of Directors in March 2021 and the annual retainers earned by Mr. Dubin have been pro-rated accordingly.
- (4) These stock options were granted under our Non-employee Compensation Policy in connection with Mr. Dubin’s initial appointment to the Board of Directors. All other stock option awards granted to members of Board of Directors in 2021 were annual awards under our Non-employee Director Compensation Policy.
- (5) Mr. Koppikar joined our Board of Directors in March 2022 and therefore did not receive any director compensation in 2021.
- (6) Ms. Prokupets resigned from the Board of Directors and as a member of the Audit Committee, OLCC and NCGC effective as of March 10, 2022. As a result, the option award reflected in this table was automatically forfeited.

Non-employee Director Compensation Policy

Under our Non-employee Director Compensation Policy, as amended and restated to date, we pay our non-employee directors a cash retainer for service on the Board of Directors and for service on each committee on which the director is a member, with the chair the Board of Directors, the Lead Independent Director, and the chair of each committee receiving higher or additional retainers. These fees are payable in arrears in four equal quarterly installments on the last day of each quarter, with the amount of these payments prorated for any portion of a quarter that a director is not serving on our Board of Directors or a Board committee. Directors may elect to

Table of Contents

receive unrestricted shares of our common stock in lieu of any cash retainers. Under our Non-employee Director Compensation Policy, the fees paid to non-employee directors for service on the Board of Directors and for service on each Board committee on which the director is a member are as follows:

	Annual Retainer
Board of Directors:	
All non-employee members	\$ 40,000
Additional retainer for Chairman of the Board	30,000
Additional retainer for Lead Independent Director	25,000
Audit Committee:	
Chair	15,000
Non-chairman members	7,500
Organization, Leadership and Compensation Committee:	
Chair	10,000
Non-chairman members	5,000
Nominating and Corporate Governance Committee:	
Chair	8,000
Non-chairman members	4,000

Each non-employee director may elect to receive all or a portion of her or his cash compensation in the form of unrestricted shares having a grant date fair value equal to the amount (or portion thereof) of such compensation. Any such election (i) shall be made (x) for any continuing non-employee director, before the start of the calendar year with respect to any cash compensation for such calendar year and (y) for any new non-employee director, within 30 days of her or his election to the Board, (ii) shall be irrevocable with respect to such calendar year and (iii) shall automatically apply to the cash compensation for each subsequent calendar year unless otherwise revoked prior to the start of such calendar year.

We also reimburse our non-employee directors for reasonable travel and out-of-pocket expenses incurred in connection with attending our Board of Director and committee meetings.

In addition, under our Non-employee Director Compensation Policy, as amended and restated to date, each non-employee director, upon the director's initial election to our Board of Directors, receives an option to purchase 41,200 shares of our common stock. Each of these options vests as to 33% on the first anniversary of the date of grant, with the remainder to vest quarterly for the subsequent two years, subject to continued service as a director through such vesting dates. On the date of each annual meeting of stockholders of our company, each continuing non-employee member of the Board of Directors, other than a director receiving an initial equity award or a director whose tenure in office as of the date of the annual meeting is less than six months, is granted a non-qualified stock option to purchase 23,500 shares of common stock or such lesser number as represents not more than \$650,000 in grant date fair value, which vests and becomes fully exercisable upon the earlier to occur of the first anniversary of the grant date or the date of the next annual meeting of stockholders following the date of grant, subject to continued service as a director through such date. The exercise price of these options is equal to the fair market value of our common stock on the date of grant.

This program is intended to provide a total compensation package that enables us to attract and retain qualified and experienced individuals to serve as directors and to align our directors' interests with those of our stockholders.

Compensation Committee Interlocks and Insider Participation

Alain J. Cohen, Bruce Downey and Marc A. Cohen served as members of our OLCC, then called the compensation committee, during 2021. Except for Mr. M. Cohen's service on an interim basis as our Chief

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis, or CD&A, describes the philosophy, objectives, and structure of our 2021 executive compensation program. This CD&A is intended to be read in conjunction with the tables following this section which provide further historical compensation information for our Chief Executive Officer, or our CEO, each person who served as Chief Financial Officer, or our CFO, and the three most highly compensated executive officers serving as executive officer as of December 31, 2021, who we collectively refer to as our named executive officers, or our NEOs.

Our NEOs for the year ended December 31, 2021, were:

<u>Name</u>	<u>Position</u>
Andrew J. Hirsch	President and Chief Executive Officer
Lauren A. White (1)	Chief Financial Officer and Treasurer
Adam S. Crystal	Chief Medical Officer
Stewart Fisher	Chief Scientific Officer
Jolie M. Siegel	Chief Legal Officer and Secretary
William T. McKee (2)	Former Interim Chief Financial Officer

(1) Ms. White joined the Company on June 21, 2021.

(2) Mr. McKee provided services to the Company as Interim Chief Financial Officer through June 21, 2021 under a consultation agreement we entered into with MBJC Associates, LLC, or MBJC, in March 2020, as subsequently amended.

Executive Summary

We are a clinical-stage biopharmaceutical company dedicated to delivering on the promise of targeted protein degradation science to create a new generation of medicines that transform patients' lives. We are leveraging our TORPEDO® platform to efficiently design and optimize small-molecule medicines that harness the body's natural protein recycling system to rapidly degrade disease-causing proteins, offering the potential to overcome drug resistance, treat undruggable targets and improve patient outcomes. In addition, we are advancing multiple targeted oncology programs to the clinic and expanding our research platform to deliver the next wave of medicines for difficult-to-treat diseases.

Corporate Performance Highlights

We made significant progress in 2021 across our lead programs. We initiated the first-in-human Phase 1/2 clinical trial for CFT7455, an orally available novel degrader targeting IKZF1/3 for the treatment of multiple myeloma and non-Hodgkin's lymphomas, including peripheral T cell lymphoma and mantle cell lymphoma. During 2021, we received clearance from the U.S. Food and Drug Administration on the investigational new drug application we submitted for a first-in-human clinical trial of CFT8634, a degrader targeting BRD9 for the treatment of synovial sarcoma and SMARCB1-null solid tumors, and we prepared to initiate the first-in-human clinical trial of this degrader candidate. Additionally, we declared a development candidate for two research programs: CFT1946, a potent, mutant-selective degrader of BRAF V600X for the treatment of V600 mutant solid tumors, and CFT8919, a potent and selective degrader of EGFR L858R for the treatment of non-small cell lung cancer. We also continued to advance additional research efforts across our degrader portfolio. Throughout 2021, we also evolved the organization to prepare for our next phase of growth, with key efforts focused on establishing a technical operations group, expanding our clinical development group, building capabilities to support our work as a public company and strengthening our balance sheet.

Executive Compensation Philosophy and Objectives

Our OLCC believes that a well-designed compensation program should align executive interests with the drivers of growth and stockholder returns by supporting the Company’s achievement of its primary business goals, and the Company’s ability to attract and retain employees whose leadership and contributions are expected to lead to growth in long-term stockholder value.

As such, our compensation program is focused on incenting executives to take actions that create long-term stockholder value. The objectives of our executive compensation program are as follows:

- Reward our executives for achieving or exceeding short-term corporate goals;
- Provide long-term incentives to our executives that align their interests with the long-term interests of our company and our stockholders, thereby creating sustainable, long-term value;
- Recruit, motivate and retain highly qualified executive officers who possess the skills and leadership necessary to advance our business objectives and, as a result, grow our long-term stockholder value; and
- Provide compensation packages that are competitive relative to peers and the overall market.

Our OLCC regularly reviews our compensation policies and overall program design to ensure that they are aligned with the interests of our stockholders and our business goals, and that the total compensation paid to our employees and directors is fair, reasonable and competitive.

How Our Pay Program Works

In setting executive base salaries and bonuses and granting equity incentive awards, we consider compensation for comparable positions in the market, the competition for talent in our market, individual performance as compared to our expectations and objectives, our desire to motivate our employees to achieve short- and long-term results that are in the best interests of our stockholders and a long-term commitment to our company. We target a general competitive position, based on independent third-party benchmark analytics to inform the mix of compensation of base salary, bonus or long-term incentives.

The following elements of our pay program have been carefully selected by our OLCC and are reviewed on an annual basis.

Pay Objective	Base Salary	Annual Cash Incentives	Option Awards
Motivate and retain	✓	✓	✓
Provide stability and manage risk	✓		
Reward annual performance		✓	
Balance immediate focus with sustainable, long-term performance			✓
Align our employees’ interests with those of our stockholders and reward exceptional performance		✓	
Incent the achievement of shareholder value creation			✓

Table of Contents

As a way to further align our executive compensation with long term company performance, in 2022, we enhanced our executive compensation program by introducing a performance-based restricted stock unit program for our executives, including all of our NEOs. The design of this program focuses on aligning the vesting of these performance-based restricted stock units with the achievement of key corporate milestones related to our discovery and development activities, as well as future stock appreciation. This program also serves to support attraction and retention of key executive leadership in a highly competitive marketplace for talent and leadership.

Target Pay Mix

Our executive compensation program is based on paying for performance and driving the creation of long-term stockholder value. In order to achieve this, the Compensation Committee places a significant percentage of NEO compensation “at-risk,” meaning that the value of the awards will only be realizable once our corporate performance and stock price growth is increased. In 2021, 35% of our CEO’s total compensation – the portion related to his annual bonus – and an average of 53% each of our other NEOs’ total compensation – the portion related to their annual bonuses (an average of 19%) and annual equity awards (an average of 34%) – was at-risk. The reason that Mr. Hirsch’s total compensation in 2021 was less at risk than that of our other NEOs is that Mr. Hirsch did not receive any equity awards in 2021 as, in conjunction with his hiring as our CEO in 2020, we granted him an option award intended to include his new hire award and the annual option awards that he would be eligible to receive over the next two years. We expect that the percentage of Mr. Hirsch’s total compensation that is “at risk” will approximate or exceed our other NEOs once he starts to receive annual equity awards and believe that, due to his new hire equity award, his incentives are appropriately aligned to those of our stockholders.

Governance Practices

Our compensation program is grounded in strong corporate governance practices that reinforce compensation risk management and stockholder growth. The following table demonstrates our key governance principles.

<i>Pay for Performance</i>	❖ A majority of our compensation is “at-risk” and is directly tied to company performance and objectives
<i>Insider Trading Policy</i>	❖ We maintain a robust insider trading policy which restricts hedging and pledging activity without Audit Committee approval
<i>Change in Control Provisions</i>	❖ No “single-trigger” change in control benefits or excise tax gross-ups are provided to our executives
<i>Compensation Risk Assessment</i>	❖ Our Organization, Leadership and Compensation Committee conducts a compensation risk assessment in order to mitigate our compensation risk and reduce material adverse effects on the Company

“Say on Pay” Vote on Executive Compensation

In 2021, we were an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012 and were not required to hold a non-binding, advisory vote on the compensation of our NEOs, often referred to as a Say-on-Pay vote. At the Annual Meeting, we will hold our first Say-on-Pay vote, as described in Proposal 3 of this Proxy Statement. Our Board of Directors and OLCC will consider the result of this Say-on-Pay vote, and the related vote on the proposal related to the frequency at which we hold future Say-on-Pay votes, referred to as “Say-on-Pay Frequency votes, as well as feedback received throughout the year, when making compensation decisions regarding the compensation of our executive officers in the future because we value the opinions of our stockholders.

[Table of Contents](#)

We are also holding our first Say-on-Pay Frequency vote, as described in Proposal 2 of this Proxy Statement. The Board of Directors and OLCC values regular feedback from stockholders, and has recommended that stockholder vote for every “ONE YEAR” as the frequency of future non-binding, advisory votes to approve the compensation of the Company’s named executive officers.

Compensation Determination Process

Role of the Organization, Leadership and Compensation Committee

Our Board of Directors has delegated to our OLCC broad responsibility for matters related to our overall compensation philosophy, the design and structure of our compensation programs and the compensation arrangement for our NEOs other than the CEO. This authority extends to the compensation of our non-employee directors and executive officers, though final approval of matters related to the compensation of our CEO and non-employee directors is generally the responsibility of our Board of Directors. A more detailed summary of the roles and responsibilities of our OLCC is provided above at “*Corporate Governance – Organization, Leadership and Compensation Committee.*”

Role of CEO and Management

Our CEO makes recommendations to our OLCC regarding our executive compensation plan, other than in respect to his own compensation. The CEO assists the OLCC in determining our executive officers’ base salary, annual incentive, and long-term incentive compensation on an annual basis. While our CEO typically attends meetings of the OLCC, the committee meets outside the presence of our CEO when discussing his compensation and when discussing certain other matters.

Role of Our Independent Compensation Consultant

During 2021, the OLCC had retained an independent compensation consultant, Aon’s Human Capital Solutions practice, a division of Aon plc, or Aon, for the purposes of reviewing and evaluating 2021 compensation decisions. Aon assisted the OLCC with market-based peer compensation analysis, development of executive pay programs, and drafting this CD&A and other proxy disclosures.

The OLCC conducted a review of its relationship with Aon and determined that Aon’s work for the OLCC did not raise any conflicts of interest. Aon’s work has conformed to the independence factors and guidance provided by the Dodd-Frank Act, the SEC, and the Nasdaq.

Compensation Risk Assessment

We believe that although a portion of the compensation provided to our executive officers and other employees is performance-based, our executive compensation program does not encourage excessive or unnecessary risk taking. Our compensation programs are designed to encourage our executive officers and other employees to remain focused on both short- and long-term strategic goals, in particular in connection with our pay-for-performance compensation philosophy. As a result, we do not believe that our compensation programs are reasonably likely to have a material adverse effect on us.

Peer Group

With the assistance of Aon, the OLCC conducted a peer benchmark assessment to help determine market-competitive compensation for our executives. The OLCC considered this analysis along with other factors in determining pay including industry surveys, individual performance, and the responsibilities and experience of the executive.

[Table of Contents](#)

In determining the peer group, with the assistance of Aon, the OLCC considered and relied on several factors in setting its executive compensation peer group:

- **Industry:** biotechnology and biopharmaceutical public companies, with a focus on oncology where possible
- **Stage of Development:** preclinical Phase 1 or 2 companies
- **Market Capitalization:** between \$300 million and \$3.0 billion
- **Headcount:** between 30 to 450 employees
- **IPO:** within the last three years, where possible

In December 2020, the OLCC approved the following peer group, which was used for purposes of 2021 executive compensation decision-making:

Akouos	Allovir	Arvinas
Beam Therapeutics	Black Diamond Therapeutics	Constellation Pharmaceuticals
Foghorn Therapeutics	IGM Biosciences	Kymera Therapeutics
Morphic	Nkarta	Nurix Therapeutics
PMV Pharmaceuticals	Poseida Therapeutics	Prelude Therapeutics
REGENXBIO	Relay Therapeutics	Replimune Group
Revolution Medicines	Zentalis Pharmaceuticals	

Elements of Our Compensation Program

Base Salary

Each NEO's base salary is a fixed component of annual compensation that reflects the individual's scope of responsibility and organizational impact, as well as individual performance.

When setting base salaries, considerations include, but are not limited to:

- each NEO's position and specific responsibilities;
- recent individual performance;
- level and breadth of experience;
- achievement of corporate and strategic goals;
- a review of competitive pay levels at comparable positions at peer companies;
- retention considerations, and
- the compensation levels required to attract qualified new hires.

Table of Contents

For the fiscal year ended December 31, 2021, the annual rate of base salary for each of our NEOs who was an employee is set forth in the following table. Effective January 1, 2021, the base salary for each of our NEOs who was an employee in 2020 was increased as part of our standard merit pay increase process, with increases determined based on individual performance and market data.

<u>Name</u>	<u>2020 Base Salary</u>	<u>2021 Base Salary</u>	<u>% Change</u>
Andrew Hirsch	\$ 560,000	\$ 579,600	3.5%
Lauren White (1)	N/A	\$ 415,000	N/A
Adam Crystal	\$ 420,000	\$ 434,700	3.5%
Stewart Fisher	\$ 420,000	\$ 434,700	3.5%
Jolie Siegel	\$ 400,000	\$ 414,000	3.5%

(1) Ms. White joined the Company in June 2021.

Under a consultation agreement dated March 31, 2020 (as subsequently amended), we paid MBJC in consideration of the services rendered by Mr. McKee as our former interim Chief Financial Officer and as a consultant to the Company, cash compensation at a rate of \$350 per hour for services rendered during the course of the fiscal year ended December 31, 2021, capped at a monthly amount not to exceed \$50,000 (prorated for any partial month). In addition, we paid a one-time, discretionary bonus to MBJC based on Mr. McKee's services and in connection with the completion of our initial public offering, which is described below under "*Executive Compensation – Employment, Consulting, Severance and Change in Control Arrangements with our NEOs – William T. McKee.*"

Annual Incentive Plan Awards

Our annual incentive bonus program is intended to reward our NEOs for meeting objective or subjective performance goals for a fiscal year. From time to time, our Board of Directors or OLCC may approve annual bonuses for our NEOs based on individual performance, company performance or as otherwise determined appropriate. For 2021, the amount of the annual incentive award paid to each of our NEOs who were employees was determined based entirely on the level of performance against our 2021 corporate objectives.

2021 Incentive Opportunities

Each of our NEOs had a pre-established annual performance incentive target, which is equal to a percentage of the executive's base salary. Under our annual incentive plan, our NEOs can earn between a minimum of 50% of their award for threshold performance up to a maximum of 150% payout for superior performance. In 2021, annual incentive awards for our CEO and other NEOs were based entirely on the level of corporate achievement against our 2021 corporate objectives.

For 2021, our NEOs who were employees had the following annual cash incentive opportunities:

<u>Executive</u>	<u>Target Annual Incentive Opportunity (as % of Current Base Salary)</u>
Andrew Hirsch	55%
Lauren White	40%
Adam Crystal	40%
Stewart Fisher	40%
Jolie Siegel	40%

Mr. McKee was not eligible for an annual incentive award as he was a consultant, not an employee.

2021 Performance Criteria

Our 2021 corporate objectives, which were established to incent performance on business activities designed to drive stockholder value, included a mix of pipeline, financial, development, and strategic objectives. Our 2021 corporate objectives and their respective weightings were as follows:

Corporate Objective	Weighting
Advance our development candidates toward the clinic	40%
Continue to invest in and advance pre-development candidate pipeline and platform	40%
Evolve the organization to position the Company for success in the next phase of growth	20%

2021 Earned Awards

Our achievement of our 2021 corporate objectives drove strong corporate performance in 2021 and, as a result, the OLCC determined that our corporate goals were 115% achieved in 2021. Specifically, in evaluating overall corporate performance in 2021, the OLCC considered progress achieved across the organization in laying the foundation for our vision to transform patient care through protein degradation and highlighted the following areas of achievement:

- Advancement of our lead program, CFT7455 into the clinic,
- Progression of our discovery pipeline, including declaring two new development candidates,
- Continued progress in evolving our organization structure and building strong internal capabilities to support our growing pipeline, and
- Strong year-end cash position of \$451.5 million.

As the annual incentive plan awards for all of our named executive officers who are employees are tied entirely to the level of achievement of our corporate objectives, the annual incentive plan awards paid to our named executive officers for 2021 were as follows:

Executive	Target Annual Incentive (\$)	Percent Achieved (%)	2021 Earned Annual Incentive (\$)
Andrew Hirsch	\$ 318,780	115%	\$ 366,600
Lauren White (1)	\$ 166,000	115%	\$ 102,800
Adam Crystal	\$ 173,880	115%	\$ 200,000
Stewart Fisher	\$ 173,880	115%	\$ 200,000
Jolie Siegel	\$ 165,600	115%	\$ 190,400

(1) Ms. White joined the Company in June 2021 and her 2021 annual incentive plan award was pro-rated accordingly.

As a consultant, Mr. McKee was not eligible to receive an annual incentive award.

Incentive Bonus Awards

In 2020, we awarded incentive bonuses to Mr. Fisher and Crystal as a component of their total direct compensation, with payments to be made to each of them in 2020 and 2021, subject to the recipient remaining employed by the Company through the relevant payment date. These cash awards were designed to reward the recipient's commitment to the Company's mission and fulfilment of Company objectives. Under these awards, we paid Dr. Crystal \$61,000 and Dr. Stewart \$54,000 in 2021.

Long-Term Incentive Compensation

Our equity grant program is intended to align the interests of our NEOs with those of our stockholders and to motivate our NEOs to make important contributions to our performance. In 2021, we used stock options to retain our executive officers while creating long-term value for our stockholders. Our OLCC believes that stock options provide an effective long-term incentive for all employees and are a competitive vehicle in our industry.

The table below shows the equity grants awarded to our NEOs in 2021, which included a new hire award made to Ms. White and annual option awards made to our other NEOs (other than Mr. Hirsch, who did not receive any equity awards in 2021 as, in conjunction with his hiring as our CEO in 2020, we granted him an option award intended to include his new hire award and the annual option awards that he would be eligible to receive over the next two years):

Executive	Stock Options ⁽¹⁾	
	(#)	(\$) ⁽²⁾
Andrew Hirsch	—	—
Lauren White	136,000	\$ 3,696,534
Adam Crystal	87,850	\$ 2,862,803
Stewart Fisher	94,950	\$ 3,094,174
Jolie Siegel	84,850	\$ 2,765,041

- (1) With the exception of the award granted to Ms. White, these stock options vest in equal quarterly installments over four years. Ms. White's stock option award was granted in connection with her joining the Company and vests over four years with 25% of the award vesting on the first anniversary of her start date and the balance vesting in 12 equal quarterly installments thereafter.
- (2) Amounts reflect the aggregate grant date fair value of option awards granted during the year calculated in accordance with the provisions of FASB ASC Topic 718, *Compensation—Stock Compensation*. Such grant-date fair value does not take into account any estimated forfeitures related to service-vesting conditions. For information regarding assumptions underlying the valuation of option awards, see Note 11 to our audited consolidated financial statements appearing in our 2021 Annual Report. These amounts do not correspond to the actual value that may be recognized by the NEOs upon vesting or exercise of the option awards, or their subsequent sale of shares issued upon the exercise of the option awards.

Other Elements of Compensation

Health and Welfare Benefits

All of our full-time employees, including our NEOs, are eligible to participate in certain medical, disability and life insurance benefit programs we offer. We pay the premiums for group term life insurance and short- and long-term disability insurance for all of our eligible employees, including our NEOs. We also provide all eligible employees, including our named executive officers, with a health savings or a flexible spending account depending on the medical plan they enroll in. We also provide paid time off benefits, which include flexible vacation, sick time and holidays, to all eligible employees, including our NEOs. We do not sponsor any qualified or non-qualified defined benefit plans for any of our employees or executives.

401(k) Savings Plan

We maintain a tax-qualified, 401(k) retirement plan for eligible employees, including our NEOs, in the United States. Under our 401(k) plan, employees may elect to defer up to 90% of their eligible compensation on a pre-tax or Roth after-tax basis, subject to applicable annual limits set pursuant to the Internal Revenue Code of 1986, as amended, or the Code. We provide an employer match on employee contributions to the 401(k) plan of up to 100% on the first \$6,000 of the employee's contributions. Employees are 100% vested in their contributions to the 401(k) plan and employer matching contributions are vested over a three-year period. The

[Table of Contents](#)

401(k) plan is intended to be qualified under Section 401(a) of the Code so that pre-tax contributions by employees, and income earned on those contributions, are not taxable to employees until distributed from the 401(k) plan.

2020 Employee Stock Purchase Plan

Our executive officers, including our NEOs, are eligible to participate in our 2020 Employee Stock Purchase Plan, or the ESPP, on the same basis as our other full-time employees. The ESPP permits eligible employees to set aside a portion of their compensation during a six-month offering period and use such contributions to purchase shares of our common stock at a purchase price equal to 85% of the lower of the fair market value of the shares on the first business day of the offering period or the last business day of the purchase period.

Limited Perquisites

We provide limited perquisites to our NEOs. In 2021, we did not provide any perquisites to our NEOs other than the standard de minimis benefits offered to our general employee population.

Accounting and Tax Considerations

Generally, Section 162(m) of the Code (Section 162(m)) disallows a federal income tax deduction for public corporations of remuneration in excess of \$1 million paid in any fiscal year to certain specified executive officers.

While the OLCC and the Board of Directors consider the deductibility of awards as one factor in determining executive compensation, the OLCC and the Board also look at other factors in making their decisions and retain the flexibility to award compensation that either the OLCC or the Board, as applicable, determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

In addition to considering the tax consequences, the OLCC and the Board consider the accounting consequences of their decisions, including the impact of expenses being recognized in connection with equity-based awards, in determining the size and form of different equity-based awards.

The Company accounts for equity-based compensation paid to employees under FASB ASC Topic 718, which requires the Company to estimate and record an expense over the service period of an option award. Thus, the Company may record an expense in one year for awards granted in earlier years. Accounting rules also require the recording of cash compensation as an expense at the time the obligation is accrued.

Employment, Consulting, Severance and Change in Control Arrangements with our NEOs

In September 2020 or, in the case of Ms. White, in June 2021, we entered into an employment agreement with each of our current NEOs who is an employee, each of whom is employed at will. Each of our NEOs who is an employee has also entered into a standard form agreement with us with respect to confidential information and assignment of intellectual property. In addition, the consultation agreement with MBJC under which we received the services of Mr. McKee includes similar covenants with respect to confidential information and assignment of intellectual property. Among other things, each of these agreements obligate the NEO to refrain from disclosing any of our proprietary information received during the course of his or her employment with or consulting engagement by us and to assign to us any inventions conceived or developed during the course of his or her employment or consulting engagement. The employment and equity agreements with our NEOs who are employees also provide that, during the period of the NEO's employment and for twelve months thereafter, the NEO will not solicit our employees, consultants, customers or suppliers. In addition, certain of the equity agreements we provided to our NEOs who are employees also contain a twelve-month post-termination non-

[Table of Contents](#)

competition covenant. (Dr. Fisher has not signed an equity agreement with this covenant obligation as the employee confidentiality and assignment of intellectual property agreement he signed at the commencement of his employment already included a twelve-month post-termination non-competition covenant.) The consultation agreement under which we engaged Mr. McKee provided that, during the term of the agreement and for a period of twenty-four months following the conclusion of the agreement term, which concluded in August 2021, neither MBJC nor Mr. McKee would solicit our employees, consultants, vendors, suppliers or strategic partners.

Andrew J. Hirsch

On September 6, 2020, we entered into an employment agreement with Mr. Hirsch, our President and Chief Executive Officer, pursuant to which Mr. Hirsch serves as our President and Chief Executive Officer. Under this agreement, Mr. Hirsch receives an annual base salary and is eligible to receive an annual cash incentive bonus with a target amount of 55% of his then current base salary, in each case subject to periodic review and adjustment by our Board of Directors or the OLCC. Mr. Hirsch is also eligible to participate in employee benefit plans generally available to our executive employees, subject to the terms of those plans.

Under Mr. Hirsch's employment agreement, if Mr. Hirsch's employment is terminated by us without "cause" or Mr. Hirsch resigns for "good reason" (as each of these terms is defined in his employment agreement), in each case other than in connection with a "change in control" (as defined in his employment agreement), subject to the execution and effectiveness of a separation agreement, including a general release of claims in our favor, he will be entitled to receive (i) an amount equal to one times his base salary plus a pro rata portion of his target annual bonus, payable in accordance with the Company's normal payroll procedures over the 12-month period following the date of termination, and (ii) subject to Mr. Hirsch's copayment of premium amounts at the applicable active employees' rate and proper election of COBRA health continuation, a monthly payment of the amount that we would have made to provide health insurance to Mr. Hirsch had he remained employed until the earliest of 12 months following his termination date, his eligibility for group health coverage through another employer, or the cessation of his eligibility for COBRA continuation of health coverage.

Mr. Hirsch's employment agreement also provides that, in lieu of the payments and benefits described above, if Mr. Hirsch's employment is terminated by us without cause or Mr. Hirsch resigns for good reason, in either case upon, immediately prior to, or within 18 months following a change in control, subject to the execution and effectiveness of a separation agreement, including a general release of claims in our favor, he will be entitled to receive (i) a lump sum cash payment equal to 1.5 times the sum of his then-current base salary (or his base salary in effect immediately prior to the change in control, if higher) plus his target annual bonus in effect immediately prior to the change in control (or his target bonus in effect immediately prior to the change in control, if higher); (ii) subject to Mr. Hirsch's copayment of premium amounts at the active employees' rate and proper election of COBRA health continuation, a monthly payment of the amount that we would have made to provide health insurance to Mr. Hirsch had he remained employed until the earliest of 18 months following his termination date, his eligibility for group health coverage through another employer, or the cessation of his eligibility for COBRA continuation of health coverage; and (iii) full acceleration of all equity awards held by Mr. Hirsch, with any performance conditions becoming vested based on attainment of the greater of target level of performance or actual performance as of the date of termination. To the extent the parties to a sale event do not provide for the assumption, continuation or substitution of Mr. Hirsch's equity awards, Mr. Hirsch is entitled to receive full acceleration of his equity awards upon the sale event, with any performance conditions becoming vested based on attainment of the greater of target level of performance or actual performance as of the date of the sale event.

However, in the event that any compensation or payments payable to Mr. Hirsch would constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended, or the Code, or would be subject to the related excise tax under Section 4999 of the Code, then Mr. Hirsch's employment agreement provides that he will receive either the full amount of the severance payments and benefits described above or such lesser amount that would result in no portion of the payments and benefits being subject to the excise tax, whichever result in the greater amount of after-tax benefits to Mr. Hirsch.

Other Employee Named Executive Officers

In September 2020 and, in the case of Ms. White, in June 2021, we entered into an employment agreement with each of our NEOs who is an employee (excepting Mr. Hirsch, who is discussed above) pursuant to which the NEO receives an annual base salary and is eligible to receive an annual cash incentive bonus with a target amount of 40% of the individual's rate of base salary, in each case, subject to review and adjustment by our Board of Directors or OLCC. Each of our NEOs who is an employee is also eligible to participate in employee benefit plans generally available to our executive employees, subject to the terms of those plans.

The employment agreement in place with each of our NEOs who is an employee (other than Mr. Hirsch, who is discussed above) provides that, in the event that the NEO's employment is terminated by us without "cause" or the NEO resigns for "good reason" (as each of these terms is defined in the NEO's employment agreement), in each case other than in connection with a "change in control" (as defined in the NEO's employment agreement), subject to the execution and effectiveness of a separation agreement, including a general release of claims in our favor, the NEO will be entitled to receive (i) an amount equal to one times his or her base salary plus, at the discretion of our Board of Directors and upon the recommendation of our OLCC, a pro rata portion of his or her target annual bonus, payable in accordance with the Company's normal payroll procedures over the 12-month period following the date of termination, and (ii) subject to the NEO's copayment of premium amounts at the active employees' rate and proper election of COBRA health continuation, a monthly payment of the amount that we would have made to provide health insurance to the NEO had he or she remained employed until the earliest of 12 months following his or her termination date, his or her eligibility for group health coverage through another employer, or the cessation of his or her eligibility for COBRA continuation of health coverage.

The employment agreements in place with each of our NEOs who is an employee (other than Mr. Hirsch, who is discussed above) also provides that, in lieu of the payments and benefits described above, if the NEO's employment is terminated by us without cause or the NEO resigns for good reason, in either case upon, immediately prior to, or within 12 months following a change in control, subject to the execution and effectiveness of a separation agreement, including a general release of claims in our favor, the NEO will be entitled to receive (i) a lump sum cash payment equal to one times the sum of his or her then-current base salary (or his or her base salary in effect immediately prior to the change in control, if higher) plus his or her target bonus in effect immediately prior to the change in control (or his or her target bonus in effect immediately prior to the change in control, if higher); (ii) subject to the NEO's copayment of premium amounts at the active employees' rate and proper election of COBRA health continuation, a monthly payment of the amount that we would have made to provide health insurance to the NEO had he or she remained employed until the earliest of 12 months following his termination date, his or her eligibility for group health coverage through another employer, or the cessation of his or her eligibility for COBRA continuation of health coverage; and (iii) full acceleration of all equity awards held by the NEO, with any performance conditions becoming vested based on attainment of the greater of target level of performance or actual performance as of the date of termination. To the extent the parties to a sale event do not provide for the assumption, continuation or substitution of a NEO's equity awards, the NEO is entitled to receive full acceleration of his or her equity awards upon the sale event, with any performance conditions becoming vested based on attainment of the greater of target level of performance or actual performance as of the date of the sale event.

However, in the event that any compensation or payments payable to a NEO would constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended, or the Code, or would be subject to the related excise tax under Section 4999 of the Code, then the NEO's employment agreement provides that she or he will receive either the full amount of the severance payments and benefits described above or such lesser amount that would result in no portion of the payments and benefits being subject to the excise tax, whichever result in the greater amount of after-tax benefits to the NEO.

William T. McKee

On March 31, 2020, we entered into a consultation agreement with MBJC pursuant to which MBJC agreed to make William T. McKee available to us as our Chief Financial Officer for an initial term of 12 months, or the initial term, and for additional monthly periods thereafter until the agreement was terminated by either party on 30 days' prior written notice. In connection with Ms. White joining us as Chief Financial Officer in June 2021, we amended the consultation agreement with MBJC in May and June 2021 to provide that the services to be provided by Mr. McKee would include transition and other support services, with a term that ultimately concluded in August 2021.

Under this consultation agreement, we paid MBJC an hourly consulting fee of \$350, subject to a monthly fee cap of \$50,000 (prorated for any partial months). In addition to this cash compensation, under this consultation agreement, MBJC was also eligible to receive a one-time, discretionary cash bonus if we successfully completed an initial public offering during the term of the agreement, with the amount of that bonus to be determined by our Board of Directors and not to exceed an amount equal to 0.1% (one tenth of one percent) of the "Pre-Money IPO Valuation" (as that term is defined in the consultation agreement). In December 2020, our Board of Directors approved the payment of a bonus under this provision in the amount of \$644,508.

Pursuant to the consultation agreement, Mr. McKee also received a stock option, granted in July 2020, to purchase up to 296,321 shares of our common stock that vested in sixty monthly installments, so long as he remained, through MBJC, in a continuous service relationship with us on each applicable vesting date, and subject in all respects to the terms and conditions of our 2015 Stock Option and Grant Plan and the applicable stock option award agreement. Under the consultation agreement, if we terminated MBJC's relationship with us for any reason other than "cause" (as that term is defined in the consultation agreement), any shares that had vested under this stock option award would remain exercisable for (A) a period of 18 months following the later of (x) the last day of MBJC's service relationship with the Company, or (y) March 31, 2021, or (B) until the 10-year anniversary of the grant date of the stock option, whichever occurs earlier. In addition, this consultation agreement provides that, in the event of a "sale event" (as that term is defined in the 2015 Stock Option and Grant Plan), (x) if this stock option award is not assumed or continued by us or our successor entity, then the shares with respect to the then-outstanding term of the consultation agreement shall be deemed vested and exercisable in full immediately prior to the closing of such sale event if and only if MBJC continued to have a service relationship with us at the time of closing of that transaction, and otherwise, (y) if this stock option award or the shares exercisable thereunder are assumed or continued by us or our successor entity, then the shares covered by this stock option award with respect to the then-outstanding term of the consultation agreement shall be deemed vested in full upon the date on which the Mr. McKee's service relationship with us and its subsidiaries or successor entity, through MBJC, terminates if (i) that termination occurs by us without cause and (ii) that termination is during the then-outstanding term of the consultation agreement.

- (1) Amounts reflect the aggregate grant date fair value of option awards granted during the year calculated in accordance with the provisions of FASB ASC Topic 718, *Compensation—Stock Compensation*. Such grant-date fair value does not take into account any estimated forfeitures related to service-vesting conditions. For information regarding assumptions underlying the valuation of option awards, see Note 11 to our audited consolidated financial statements appearing in our 2021 Annual Report. These amounts do not correspond to the actual value that may be recognized by the NEOs upon vesting or exercise of the option awards, or their subsequent sale of shares issued upon the exercise of the option awards.
- (2) The amounts reported represent annual bonuses based upon the achievement of company and individual performance objectives for the years ended December 31, 2021, 2020 and 2019, which were paid in February 2022, 2021 and 2020, respectively.
- (3) Represents the Company’s 401(k) matching contributions. For 2021, each of Mr. Hirsch, Ms. White, Dr. Crystal, Dr. Fisher, and Ms. Siegel received \$6,000 in 401(k) matching contributions.
- (4) The salary reported for Mr. Hirsch in 2020 reflects the salary earned following his September 2020 start date.
- (5) Ms. White joined us as our Chief Financial Officer in June 2021 and the salary reported for Ms. White in 2021 reflects the salary earned following her June 2021 start date.
- (6) Represents a sign-on bonus paid to Ms. White upon the commencement of her employment with the Company in June 2021.
- (7) Mr. McKee provided services to us as our Chief Financial Officer under a consultation agreement, dated March 31, 2020 (as subsequently amended), with MBJC through August 2021. For 2021, amounts reported as “all other compensation” for Mr. McKee reflects cash compensation that we paid to MBJC for services rendered during the course of the fiscal year ended December 31, 2021. Mr. McKee did not participate in our 401(k) plan as he was a consultant, not an employee.
- (8) In April 2020, we entered into letter agreements with each of Dr. Crystal and Dr. Fisher, pursuant to which each of them was entitled to receive incentive bonuses equal to \$61,000 and \$54,000, respectively, such incentive bonuses to be payable on the first payroll date occurring in May 2020 and in October 2021,

subject, in each case, to the recipient's continued employment with the Company through each such date. The amounts reported for 2020 represent the first incentive bonus payments made to each of Dr. Crystal and Dr. Fisher in May 2020. The amount reported for 2021 represent the second incentive bonus payments made to each of Dr. Crystal and Dr. Fisher in October 2021.

2021 Grants of Plan-based Awards

The following tables sets forth information concerning each grant of an award made to our NEOs during the fiscal year ended December 31, 2021 under any plan, contract, authorization or arrangement pursuant to which cash, securities, similar instruments or other property may be received. The cash awards were made under our annual incentive plan previously described and the equity awards were made under our 2020 Stock Option and Incentive Plan, or our 2020 Plan. Each grant was authorized by our OLCC, or board of directors, as applicable. For more information on equity acceleration benefits under specified circumstances, see "*Employment, Severance and Change in Control Arrangements with our NEOs*" above.

Jolie Siegel	02/11/21	82,800	165,600	248,400	84,850	45.54	2,765,041

- (1) Amounts shown in the threshold, target and maximum columns reflect the minimum, target and maximum amounts, respectively, payable under our annual incentive cash program for the 2021 fiscal year as described above under "*Annual Incentive Plan Awards*." The actual amounts earned and paid to each NEO are presented in the 2021 Summary Compensation Table above.
- (2) Each stock option award is subject to time-based vesting criteria described in the footnotes to the Outstanding Equity Awards at 2021 Fiscal Year End table below.
- (3) The exercise price per share of each of these stock options awards is equal to the closing price of our common stock on the grant date.
- (4) Amounts reflect the aggregate grant date fair value of option awards granted during the year calculated in accordance with the provisions of FASB ASC Topic 718, *Compensation – Stock Compensation*. Such grant-date fair value does not take into account any estimated forfeitures related to service-vesting conditions. For information regarding assumptions underlying the valuation of option awards, see Note 11 to our audited consolidated financial statements appearing in our 2021 Annual Report. These amounts do not correspond to the actual value that may be recognized by the NEOs upon vesting or exercise of the option awards, or their subsequent sale of shares issued pursuant to the exercise of the option awards.

Potential Payments on Termination or Change in Control

We believe that the severance payments and benefits provided under the Executive Employment Agreements we have with our NEOs – described above in greater detail under the heading “*Employment, Consulting, Severance and Change in Control Arrangements with our NEOs*” – are appropriate in light of the post-employment compensation protections available to similarly-situated executive officers at companies in our compensation peer group and are an important component of each executive officer’s overall compensation as they help us to attract and retain our key executives who could have other job alternatives that may appear to them to be more attractive absent these protections.

In addition, we believe it is appropriate to provide enhanced severance benefits in connection with certain employment terminations occurring in connection with a change in control in order to encourage our executive officers to remain employed with us during an important time when their prospects for continued employment following the transaction are often uncertain. The primary purpose of these arrangements is to keep our most senior executive officers focused on pursuing potential corporate transactions that are in the best interests of our stockholders regardless of whether those transactions may result in their own job loss.

Table of Contents

The following table sets forth potential payments that would be made to our NEOs under the Executive Employment Agreements upon (1) a change in control without a termination of employment, (2) termination of employment not in connection with a change in control and (3) termination of employment in connection with a change in control, assuming in each case that the termination of employment had occurred on December 31, 2021. In general, the receipt by an executive of these benefits is contingent upon the executive having first delivered and not revoked a separation agreement and release in the form and manner provided by the Company, which agreement shall contain, among other customary provisions, a reaffirmation of the executive's obligations under the executive's restrictive covenant agreement(s) and/or a post-employment non-competition provision equal or less in duration than the Executive's severance period, post-employment non-solicitation obligations, reasonable litigation cooperation, mutual non-disparagement and a general release.

- (1) Represents one times the executive's rate of base salary as of the date of termination.
- (2) Represents one and one-half times Mr. Hirsch's rate of base salary as of the date of termination.
- (3) The Company may elect, in its sole discretion and subject to receipt of the recommendation of the OLCC and approval by the Board, to pay each executive a pro rata portion of the executive's incentive compensation, such compensation to be paid no later than March 15 of the year following the year in which the executive's employment ends. In the context of a termination absent a change in control, this incentive bonus payment is discretionary and therefore not included in the chart above as of December 31, 2021.
- (4) Represents a lump sum payment equal to one and one-half (1.5) times Mr. Hirsch's target annual cash incentive bonus.

Table of Contents

- (5) Represents the cost of continued health benefits for a period of up to 12 months following the date of termination for any executive participating in the Company's health benefit plans.
- (6) Represents the cost of continued health benefits for a period of up to 18 months following the date of termination.
- (7) Represents the acceleration of vesting as to 100% of the unvested equity awards held by the executive. These awards would become vested, and the value of the acceleration would be equal to the shares subject to unvested options multiplied by the excess of the then current stock price over the exercise price of the options. For purposes of this table, we have calculated the value of the acceleration using the closing price of our common stock on December 31, 2021, or \$32.20 per share.
- (8) Represents a lump sum payment equal to one (1.0) time the executive's target annual cash incentive bonus.

Equity Compensation Plan Information

The following table provides information as of December 31, 2021 with respect to the shares of our common stock that may be issued under our existing equity compensation plans:

Plan Category	Equity Compensation Plan Information		
	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities in First Column)
Equity compensation plans approved by stockholders (1)	5,983,425 (2)	\$ 22.33	4,582,758
Equity compensation plans not approved by stockholders	—	—	—
Total	5,983,425	\$ 22.33	4,582,758

- (1) Includes the following plans: our 2015 Stock Option and Grant Plan, our 2020 Plan and our 2020 ESPP.
- (2) As of December 31, 2021, a total of 9,704,418 shares of our common stock had been reserved for issuance pursuant to the 2020 Plan, which number excludes the 2,434,443 shares that were added to the plan as a result of the automatic annual increase on January 1, 2022. The 2020 Plan provides that the number of shares reserved and available for issuance under the plan will automatically increase each January 1, beginning on January 1, 2021, by 5% of the outstanding number of shares of our common stock on the immediately preceding December 31 or such lesser number of shares as determined by the OLCC. This number will be subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. The shares of common stock underlying any awards that are forfeited, canceled, held back upon exercise or settlement of an award to satisfy the exercise price or tax withholding, reacquired by us prior to vesting, satisfied without the issuance of stock, expire or are otherwise terminated, other than by exercise, under the 2020 Plan and the 2015 Stock Option and Grant Plan will be added back to the shares of common stock available for issuance under the 2020 Plan. The Company no longer makes grants under the 2015 Stock Option and Grant Plan. As of December 31, 2021, a total of 861,765 shares of our common stock had been reserved for issuance pursuant to the 2020 ESPP, which number excludes the 486,888 shares that were added to the plan as a result of the automatic annual increase on January 1, 2022. The 2020 ESPP provides that the number of shares reserved and available for issuance under the plan will automatically increase each January 1, beginning on January 1, 2021, by the lesser of 656,714 shares of our common stock, 1% of the outstanding number of shares of our common stock on the immediately preceding December 31 or such lesser number of shares as determined by the 2020 ESPP Plan administrator. This number will be subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Certain Relationships and Transactions

Other than the compensation agreements and other arrangements described under “Executive compensation” and “Director compensation” in this proxy statement and the transactions described below, since January 1, 2021, there has not been and there is not currently proposed, any transaction or series of similar transactions to which we were, or will be, a party in which the amount involved exceeded, or will exceed, \$120,000 and in which any director, executive officer, holder of five percent or more of any class of our capital stock or any member of the immediate family of, or entities affiliated with, any of the foregoing persons, had, or will have, a direct or indirect material interest.

Compensation arrangements for our NEOs and our directors are described elsewhere in this prospectus under the heading “*Executive Compensation*.”

Investors’ Rights Agreement

In connection with our Series B preferred stock financing, we entered into an investors’ rights agreement containing registration rights, information rights, voting rights and rights of first refusal, among other things, with certain holders of our preferred stock and common stock. The registration rights set forth in our investors’ rights agreement remain outstanding.

Stock Option Grants to Directors and Executive Officers

We have granted stock options to our directors and executive officers as of December 31, 2021, as more fully described in the section titled “*Executive Compensation*” found elsewhere in this proxy statement.

Limitation of Liability and Indemnification of Officers and Directors

Our Certificate of Incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for the following:

- any breach of their duty of loyalty to our company or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases, or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which they derived an improper personal benefit.

Any amendment to, or repeal of, these provisions will not eliminate or reduce the effect of these provisions in respect of any act, omission or claim that occurred or arose prior to that amendment or repeal. If the Delaware General Corporation Law is amended to provide for further limitations on the personal liability of directors of corporations, then the personal liability of our directors will be further limited to the greatest extent permitted by the Delaware General Corporation Law.

In addition, our By-laws provide that we will indemnify, to the fullest extent permitted by law, any person who is or was a party or is threatened to be made a party to any action, suit or proceeding by reason of the fact that he or she is or was one of our directors or officers or is or was serving at our request as a director or officer of another corporation, partnership, joint venture, trust, or other enterprise. Our By-laws also provide that we may

[Table of Contents](#)

indemnify to the fullest extent permitted by law any person who is or was a party or is threatened to be made a party to any action, suit, or proceeding by reason of the fact that he or she is or was one of our employees or agents or is or was serving at our request as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise. Our By-laws also provide that we must advance expenses incurred by or on behalf of a director or officer in advance of the final disposition of any action or proceeding, subject to very limited exceptions.

We have entered, and intend to continue to enter, into separate indemnification agreements with our directors and officers, in addition to the indemnification provided for in our Certificate of Incorporation and By-laws. These agreements, among other things, require us to indemnify our directors and officers for certain expenses, including attorneys' fees, judgments, penalties, fines and settlement amounts actually incurred by these individuals in any action or proceeding arising out of their service to us or any of our subsidiaries or any other company or enterprise to which these individuals provide services at our request. Subject to certain limitations, our indemnification agreements also require us to advance expenses incurred by our directors and officers for the defense of any action for which indemnification is required or permitted.

Policies and Procedures for Related Party Transactions

Our Board of Directors adopted a written related person transactions policy providing that transactions with our directors, executive officers, holders of five percent or more of our voting securities and their affiliates, each a related person, must be approved by our Audit Committee. Any request for such a transaction must first be presented to our Audit Committee for review, consideration or approval or, if advance review is not feasible, such request must be reviewed at our Audit Committee's next regularly scheduled meeting. In approving or rejecting any such proposal, our Audit Committee is to consider the relevant facts and circumstances available and deemed relevant to the Audit Committee, including, but not limited to, the extent of the related party's interest in the transaction, whether the transaction is on terms no less favorable to us than terms we could have generally obtained from an unaffiliated third party under the same or similar circumstances and whether the transaction is otherwise consistent with the company's interests. Further, when stockholders are entitled to vote on a transaction with a related party, the material facts of the related party's relationship or interest in the transaction are disclosed to the stockholders, who must approve the transaction in good faith.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, to the extent known by us or ascertainable from public filings, with respect to the beneficial ownership of our common stock as of March 31, 2022 by:

- each of our directors;
- each of our NEOs;
- all of our directors and executive officers as a group; and
- each person, or group of affiliated persons, who is known by us to be the beneficial owner of greater-than-5.0% of our common stock.

The column entitled “Percentage Beneficially Owned” is based on a total of shares of our common stock outstanding as of March 31, 2022.

Beneficial ownership is determined in accordance with the rules and regulations of the SEC and includes voting or investment power with respect to our common stock. Shares of our common stock subject to options that are currently exercisable or exercisable within 60 days of March 31, 2022 are considered outstanding and beneficially owned by the person holding the options for the purpose of calculating the percentage ownership of that person but not for the purpose of calculating the percentage ownership of any other person. Except as otherwise noted, the persons and entities in this table have sole voting and investing power with respect to all of the shares of our common stock beneficially owned by them, subject to community property laws, where applicable. Except as otherwise indicated in the table below, addresses of named beneficial owners are in care of C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons holding more than 10% of our common stock to report their initial ownership of the common stock and other equity securities and any changes in that ownership in reports that must be filed with the SEC. The SEC has designated specific deadlines for these reports, and we must identify in this proxy statement those persons who did not file these reports when due.

Based solely on a review of reports furnished to us, or written representations from reporting persons, we believe all directors, executive officers, and 10% owners timely filed all reports regarding transactions in our securities required to be filed for 2020 by Section 16(a) under the Exchange Act, other than one Form 4 filing by Glenn Dubin reporting the receipt of 157 shares of our common stock as payment for services as a director of our Company (in lieu of a cash retainer payment), which was filed in August 2021 instead of July 2021.

**PROPOSAL NO. 2 – FREQUENCY OF FUTURE ADVISORY VOTES ON OUR
EXECUTIVE COMPENSATION PROGRAM**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and Section 14A of the Securities Exchange Act of 1934, as amended, provides that stockholders must be given the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently we should hold future Say-on-Pay votes.

In this proposal, we are asking our stockholders to vote on whether future advisory votes on executive compensation, similar to Proposal 3 contained in this proxy statement, should occur every year, every two years or every three years. While this say-on-pay frequency vote is advisory in nature and therefore will not bind us to adopt any particular frequency, our Board of Directors intends to consider carefully the stockholder vote resulting from this proposal in determining how frequently we will hold “say-on-pay” votes in the future.

Currently, we believe that an advisory vote on executive compensation held every **ONE YEAR** will allow our stockholders to provide timely, direct input on our executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. In determining to recommend that stockholders vote for a frequency of once per year, our Board of Directors considered how an advisory vote at this frequency might over-emphasize short-term variations in compensation and business results, particularly in our industry, where a long-term focus for our executive compensation program is required because it can take from 10-15 years to bring a product from inception through to commercialization. On balance, however, our Board of Directors has determined that the advantages of receiving regular and prompt feedback from our stockholders on our executive compensation program outweigh this concern at this time.

Accordingly, we ask our stockholders to approve, on a non-binding, advisory basis, the following resolution at the Annual Meeting:

RESOLVED: That the alternative of every one year, two years, or three years that receives the highest number of votes cast by stockholders in person or by proxy at this meeting will be deemed the preferred frequency with which the Company is to hold future non-binding advisory votes on the compensation of the Company’s named executive officers.

Our Board of Directors recommends that you vote, on a non-binding, advisory basis, for every “ONE YEAR” as the preferred frequency of future stockholder non-binding, advisory votes on the compensation of our named executive officers.

**PROPOSAL NO. 3 – ADVISORY VOTE TO APPROVE NAMED
EXECUTIVE OFFICER COMPENSATION**

The Dodd-Frank Act added Section 14A to the Securities Exchange Act of 1934, as amended, which requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement, commonly known as a “say-on-pay” vote. Stockholders may also abstain from voting on this proposal. This say-on-pay vote is not intended to address any specific element of the compensation of our named executive officers, but rather the overall executive compensation of our named executive officers and our overall executive compensation program, philosophy and practices as described in this Proxy Statement.

This say-on-pay vote is advisory; therefore, it is not binding on the Company, our Board of Directors or our OLCC. However, we plan to consider the results of this year’s vote in reviewing and determining the compensation of our named executive officers in the future because we value the opinions of our stockholders.

Our executive compensation program, including our performance and the compensation earned by our named executive officers, is discussed in greater detail in the “*Executive Compensation – Compensation Discussion and Analysis*” section beginning on page 30 of this proxy statement.

As described in this proxy statement, we believe the compensation of our named executive officers and our executive compensation program, philosophy and practices are appropriate, and enable us to attract, motivate and retain top-performing executive officers, including our named executive officers, while aligning the long-term interests of our executive officers with the long-term interests of our stockholders and without incenting inappropriate or excessive risk-taking.

Accordingly, we ask our stockholders to approve, on a non-binding, advisory basis, the following resolution at the Annual Meeting:

RESOLVED: That the stockholders approve, on a non-binding, advisory basis, the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis section, the Compensation and Equity Tables and the related narrative executive compensation disclosures contained in this proxy statement.

Our Board of Directors recommends that you vote, on a non-binding, advisory basis, “FOR” the approval of the resolution set forth above related to the compensation of our named executive officers.

PROPOSAL NO. 4 – RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS C4 THERAPEUTICS’ INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2022

C4 Therapeutics’ stockholders are being asked to ratify the appointment by the Audit Committee of the Board of Directors of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022. KPMG LLP has served as our independent registered public accounting firm since 2016.

The Audit Committee is solely responsible for selecting our independent registered public accounting firm for the fiscal year ending December 31, 2022. Stockholder approval is not required to appoint KPMG LLP as our independent registered public accounting firm. However, the Board of Directors believes that submitting the appointment of KPMG LLP to the stockholders for ratification is good corporate governance. If the stockholders do not ratify this appointment, the Audit Committee will reconsider whether to retain KPMG LLP. If the selection of KPMG LLP is ratified, the Audit Committee, at its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of C4 Therapeutics and its stockholders.

A representative of KPMG LLP was present at our annual meeting of stockholders in June 2021 and is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so and to respond to appropriate questions from our stockholders.

C4 Therapeutics incurred the following fees from KPMG LLP for the audit of the consolidated financial statements and for other services provided during the years ended December 31, 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Audit fees (1)	\$ 1,219,150	\$ 1,347,944
Audit-related fees	—	—
Tax fees (2)	40,786	53,500
All other fees	—	—
Total fees	<u>\$ 1,259,936</u>	<u>\$ 1,401,444</u>

(1) Audit fees consist of fees for the audit of our annual financial statements, the review of the interim financial statements, and review of the registration statement on Form S-1 for our IPO, as well as related services that are normally provided in connection with regulatory filings and the issuance of comfort letters.

(2) Tax fees consist of fees for professional services, including tax consulting.

Audit Committee Pre-approval Policy and Procedures

Our Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy provides that, with the exception of certain services of *de minimus* value, we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by our Audit Committee, or the engagement is entered into pursuant to the pre-approval procedure described below.

From time to time, our Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval details the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

During our 2021 and 2020 fiscal years, no services were provided to us by KPMG LLP other than in accordance with the pre-approval policies and procedures described above.

The Board of Directors recommends voting “FOR” Proposal No. 4 to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. We have reviewed the Company's audited consolidated financial statements for the fiscal year ended December 31, 2021 and discussed them with Company management and KPMG LLP, the Company's independent registered public accounting firm.

We have received from, and discussed with, KPMG LLP, which is responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements with accounting principles generally accepted in the United States, its judgments as to the quality, not just the acceptability, of the Company's accounting principles, as well as an opinion on the effectiveness of our internal control over financial reporting, and such other matters as are required to be discussed by the applicable requirements of the SEC and the Public Company Accounting Oversight Board, or the PCAOB. In addition, we have received from KPMG LLP the written disclosures and the letter required by applicable requirements of the PCAOB regarding communications by KPMG LLP with us concerning independence, have considered the compatibility of non-audit services with the auditors' independence, and have discussed with KPMG LLP its independence from management and the Company.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the audited consolidated financial statements of the Company, audited by KPMG LLP, be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021, that was filed with the SEC.

The information contained in this report shall not be deemed to be (1) "soliciting material," (2) "filed" with the SEC, (3) subject to Regulations 14A or 14C of the Exchange Act, or (4) subject to the liabilities of Section 18 of the Exchange Act. This report shall not be deemed incorporated by reference into any of our other filings under the Exchange Act or the Securities Act, except to the extent that we specifically incorporate it by reference into such filing.

Respectfully submitted by the members of the Audit Committee of the Board of Directors of C4 Therapeutics, Inc.

HOUSEHOLDING

Some banks, brokers, and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our documents, including the annual report to stockholders and proxy statement, may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you upon written or oral request to C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472, Attention: Corporate Secretary, telephone: (617) 231-0700. If you want to receive separate copies of the proxy statement, or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address or telephone number.

STOCKHOLDER PROPOSALS

A stockholder who would like to have a proposal considered for inclusion in our 2023 proxy statement must submit the proposal in accordance with the procedures outlined in Rule 14a8 of the Exchange Act so that it is received by us no later than December 30, 2022. However, if the date of the 2022 annual meeting of stockholders is changed by more than 30 days from the date of the previous year’s meeting, then the deadline is a reasonable time before we begin to print and send our proxy statement for the 2023 Annual Meeting of Stockholders. SEC rules set standards for eligibility and specify the types of stockholder proposals that may be excluded from a proxy statement. Stockholder proposals should be addressed to C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472, Attention: Corporate Secretary.

If a stockholder wishes to propose a nomination of persons for election to our Board of Directors or present a proposal at an annual meeting but does not wish to have the proposal considered for inclusion in our proxy statement and proxy card, our By-laws establish an advance notice procedure for such nominations and proposals. Stockholders at an annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the Board of Directors or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered timely notice in proper form to our Corporate Secretary of the stockholder’s intention to bring such business before the meeting. To comply with the universal proxy rules (once effective), stockholders who intend to solicit proxies in support of director nominees other than the company’s nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than April 23, 2023.

The required notice must be in writing and received by our Corporate Secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year’s annual meeting. However, in the event that the date of the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the preceding year’s annual meeting, a stockholder’s notice must be so received no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever first occurs. For stockholder proposals to be brought before the 2022 annual meeting of stockholders, the required notice must be received by our Corporate Secretary at our principal executive offices no earlier than February 22, 2023 and no later than March 24, 2023. Stockholder proposals and the required notice should be addressed to C4 Therapeutics, Inc., 490 Arsenal Way, Suite 200, Watertown, Massachusetts 02472, Attention: Corporate Secretary.

OTHER MATTERS

Our Board of Directors does not know of any other matters to be brought before the Annual Meeting. If any other matters not mentioned in this proxy statement are properly brought before the meeting, the individuals named in the enclosed proxy intend to use their discretionary voting authority under the proxy to vote the proxy in accordance with their best judgment on those matters.
